ENGLISH EXPERT DENOUNCES THE AIMS OF JAPAN IN CHINESE EMPIRE

Prairie, Aug. 28.—Vigorous denunciation of Japan's aims and commercial ambitions in China, is contained in an article written by Henri Cordier, French expert on far eastern questions.

"America realizes more than Europe the menace to world peace in Japan's ambitions," said M. Cordier. "A satisfactory Shantung settlement is necessary to ensure world peace, because, in addition to the United States, England and France are directly interested in the problem."

M. Cordier then went on to criticize China for the laxness of her administration and the weakness in her defense and the presentation of her case at the peace conference. He added: "But China is now awake. Everywhere Japanese goods are being boycotted and Japanese shipping magnates, who also control trade, are coming alarmed over this economic war."

M. Cordier charges that, while the war was in progress, Japan cunningly circled China, menacing her independence and her economic life. In the same way, by secret agreement with the former Russian czar's government, Japan sought to prevent a from seeking outside aid, the

writer asserted. In this connection M. Cordier laid stress on the agreement of Count Sazonoff, foreign Russian minister, and Count Motono of the Japanese ministry, whereby Japan and Russia were to come to one another's aid in the event that any third power sought hostile designs against Russia or Japanese interests in China.

M. Cordier declares that the entente's behavior towards China during the peace conference was "inexcusable." He added the powers gave away because they feared that the Japanese would withdraw from the conference as the Italians had done.

During the war, continued Cordier, the powers gave in to Japanese ambitions because she (Japan) was capable of supporting her claims with her army and navy.

"Japan is a war-like nation," said M. Cordier. "Always Japanese invasions have harried the Chinese coast. In the seventeenth century she (Japan) threatened the Philippines. Today she covets the northern Pacific and northern Asia, whilst dreaming of a protectorate over China."

GERMAN AND LETTISH TROOPS IN CLASH MAYOR OLE HANSEN RESIGNS AS HEAD OF SEATTLE GOVERNMENT

Berlin, Aug. 27.—German and Lettish troops have clashed at Mitau and two companies of Letts were dispersed, according to information received here today. Afterwards the Lettish commandery was sacked. The German government has been in an embarrassing position by refusal of the Germans to withdraw from the Baltic lands. Under terms of the Versailles treaty, the Germans were pledged to withdraw their troops from this district. Representatives of the iron division of the German army in Baltic Russia renounced the intention of the soldiers to remain in telegram to Gen. Dergoz President Ebert, Chancery Bauer, and Gustave Noske, minister of public defense.

PRESIDENT TO START HIS TOUR ON SEPTEMBER 3RD

Washington, Aug. 28.—President will start on his speaking tour Sept. 3, and will make his first address at Columbus, Ohio, on Sept. 4, as announced at the White House today. His second speech will be at Indianapolis on Sept. 5th. The President will be accompanied by Mrs. Wilson, Secretary Tumulty, Cary T. Grayson, his aide and physician, three White House stenographers, Secret service men and newspaper correspondents. The will leave in special train on the night of September 3.

TRY TO FORCE CROSSING. London, Aug. 28.—The Russian Bolsheviks in the offensive on the northern front crossed eight times to re-cross the river Torne, the eastern frontier of Finland, and were driven back, said a dispatch of the Daily Express from Helsinki's today.

WASHINGTON INAUGURATES "BACK TO BASKET" MOVEMENT.

In order to do away with the H. C. of L., Washington, D. C., has launched a "back to the basket movement" and in that way expects to effect a saving of \$5 to \$10 per week. Under the direction of the District Government, nearby fruit and vegetable growers are permitted to sell their products on designated streets. Photo shows a scene at the

Egyptian Princess PLANS TO START ON NEW YORK-TORONTO PRIZE FLIGHT.

Princess Bella Patra of Egypt (left) straining her neck to get another glimpse of one of 40 planes which started on the \$10,000 prize flight to Toronto. The start was made from Roosevelt Field, Mineola, General Mencher, Chief of the Air Service gave the signal for the start, while at the Canadian end of the line, the Prince of Wales gave the word. The aerial race for the quickest round trip between Toronto and New York was for a prize of ten thousand dollars and was held under the auspices of the American Flying Club, 40 planes of five nations taking part.

SEVENTH VICTIM MAY BE CLAIMED BY FATAL DINNER

Seattle, Wash., Aug. 28.—Of his own volition Mayor Ole Hansen, of this city becomes a private citizen today. At a special meeting of the city council this morning, his resignation as chief executive of Seattle was read and by pre-arrangement, immediately accepted. Ill-health and a desire to complete some literary work in which he has been engaged for a year or more is given as his reasons for retiring. It is his intention also to accept an engagement offered him by an eastern lecture bureau and he will soon be seen and heard on the platform.

Mayor Hansen achieved national and international fame by his sturdy resistance to demands of alleged red agitators, whom it was claimed, instigated a strike of shipyard workers in this city at a time when the war with Germany was at its crucial stage.

The strike was inspired, it was claimed, by bolshevik propagandists from Russia, financed by the Lenin and Trotzky regime. The strikers undertook to "run" the city, declaring the authority of the mayor and council should be vested in officials of the union. Hansen defied them and the bolshevik plot to overthrow law and order in the city of Seattle gave up its ghost.

In several cities where he has lectured, Hansen's name has been mentioned in connection with the nomination for the presidency on the Republican ticket.

SEIZE LOAD OF WHISKY Cleveland, O., Aug. 28.—Alleged to be on its way to Akron for "storage" 104 cases of whisky seized on a truck on Lorain avenue last night, today changed its destination to the storage house of Uncle Sam's internal revenue agent. Two men claimed they had purchased the stock at a downtown hotel.

DOUGHNUT "TAG" DAY IN XENIA FOR SALVATION ARMY

Captain R. A. Beard, of Toledo, lately of the 135th Field Artillery of the 37th Division, is in this city in the interests of the Salvation Army Home Service campaign, which fell down pitifully in a previous attempt to raise \$3,000 here this summer.

Through the efforts of Captain Beard, a Doughnut Day, such as were popular all over the country during the campaign time, has been inaugurated to be known as Doughnut Tag Day, and will take place on next Monday, during the Soldiers' Home Coming celebration. Through this campaign an effort will be made to raise the \$2,500 discrepancy needed, or at least get started a campaign to raise that amount.

The Doughnut Tag Day will be put on under the auspices of the local lodge of Elks, the organization that has done much to keep the Salvation Army on its feet. Printed doughnuts on tags will be sold to people on the streets that day by the Elks, and Captain Beard hopes to get a good start toward making up the amount necessary in this manner.

Nobody wants to turn down the Salvation Army and there was general regret the campaign conducted here was a failure. It is hoped that this time everyone will be given an opportunity to respond to the appeal of this great organization and that Greene county people will not be found wanting.

SPEEDING AUTOS KILL 2, INJURES 4

Cleveland, Aug. 28.—Speeding automobiles dealt death to two and injured four in the past 12 hours. Patrolman John McKenna hit by a machine driven by J. C. Nevin, secretary of the Cleveland Federal Reserve bank, is one of the dead. Nevin is charged with manslaughter. Frederick Steinheimer, 5, was killed when struck in a collision between two automobiles while sitting on the curb waiting for his father.

ORGANIZE SOCIETY FOR PROMOTION OF CHILD WELFARE

A Greene county branch of the Ohio Society for the Promotion of Child Welfare will be organized.

Miss Lucia B. Johnson of Columbus, secretary of the Ohio branch of the organization, which is becoming nationwide, spent yesterday in Xenia, in the interest of the movement. Miss Bertha Trebein was appointed county secretary for the local branch, and committees to assist her in the work will be named later.

The society is a combination of the Children's Bureau of the United States Department of Labor and the child conservation section of the Council of National Defense.

The primary object of the organization is to conserve the health of the children, and promote their welfare in all lines, physical and mental, on the grounds that the future of the nation is dependent upon the facilities given the children, and the care taken of them mentally, physically and morally.

Educational leaders, and prominent men and women in all lines of endeavor are now giving this subject much thought. The matter is an outgrowth of the war work.

BUSINESS HOUSES TO CLOSE LABOR DAY

It is practically assured that almost all business houses in the city, excluding restaurants, drug stores and soda fountains and soft drink places, and pool rooms, will be closed on Labor Day, when Greene County will welcome its soldier sons home.

A committee of women visited all other business houses Thursday and were greeted warmly having little difficulty in securing the signatures of the majority of business houses to close on that day.

The soldiers of the county hope that there will be no one so unpatriotic as not to close all or at least part of the day. It is understood that the barber shops are not going to close, because some few of them desire to stay open, but it is hoped that they will change their minds at least by Monday. It would be unpatriotic indeed for shop keepers to try to gain out of a day set aside for the soldiers only, and it is hoped that there will not be a business house open on that day.

GOMPERS IN WASHINGTON. Washington, Aug. 28.—Samuel Gompers, president of the American Federation of Labor, arrived in Washington early today with his staff to attend what may be the most epoch-making session of the executive council of the federation ever held.

The entire labor situation but particularly with reference to the crisis in the steel and railway industries, was to be threshed out.

RUBBER WORKMEN STRIKE Denver, Colo., Aug. 28.—More than 300 rubber workers employed at the Gates Rubber company here are on strike today, demanding reinstatement of fifty employees said to have been discharged last week for union affiliations. Union officials predict 250 more workers will walk out today. Charles Gates, president of the company denies discharging the workers for union activities.

FILE PETITION ASKING RIGHT TO SEIZE MEAT

Toledo, O., Aug. 28.—Upon receipt of the state supreme court ruling upholding the constitutionality of the cold storage law, Prosecutor Allen J. Seney announced he would file a petition in appellate court here for the right to seize 351,000 pounds of pork in storage here owned by Swift and Co. in alleged violation of the Smith law.

AMERICAN PEACE DELEGATION IS

GROWING TIRED OF PARIS SOJOURN

Paris, Aug. 28.—The American peace delegation headed by Frank L. Polk, is preparing to ask President Wilson whether it is worth their while to remain in Paris attempting to solve the problems of southeastern Europe, it was learned here today.

Upon the president's reply will depend upon whether they will return to Washington, leaving the European powers to settle the affairs which have arisen as a result of the Rumanian entry into Budapest. The conference

has several times warned Rumania against looting the Hungarian capital, but at latest advices the Rumanian soldiers were still removing all the material they could carry away. It is declared in some quarters that there is no doubt Rumania's fractiousness is due to some extent to encouragement she has received from her European allies.

In consequence of the situation that has arisen there is serious talk at the hotel Crillon that the Americans may pack up their belongings and go home.

LONDON HAS BEEN SITTING OVER VOLCANO

London, Aug. 28.—London has virtually been sitting on a volcano of dynamite, T. N. T., and other high explosives, and now that the war is over, discussion has arisen whether this volcano shall not be shunted elsewhere.

When the armistice was signed, there were 10,000 tons of explosives stored in flimsy, non-fireproof buildings at Woolwich, which is just six miles from the Bank of England and in a populous district of East London. Had a German bomb ever hit this explosive "dump," not enough of Southeast London would have been left intact to start a village.

Out of 172 buildings, each containing more than a ton of explosives, only 15 comply with government regulations imposed on private manufacturers for storing explosives, says a government report. Woolwich is a state arsenal.

An investigation resulted in two reports, one recommending removal of the arsenal to some more sequestered district less vulnerable to air attack, while the other recommended the arsenal stay where it is, for the vulnerability of Woolwich has from the air soon will be shared by the whole country as the power of aeroplanes increases.

Meanwhile the report suggests that the government place as many orders as possible at Woolwich for tanks, mechanical transport, naval hydraulic mountings and other government stores not now produced there.

AMERICAN FLYER LOOKS LIKE WINNER IN GREAT AIR DERBY

Roosevelt Field, Mineola, Aug. 28.—Unless his time is beaten before the New York-Toronto aerial derby ends tomorrow night, Sergeant Combs, an American flyer who started from the Canadian city, probably will be judged the winner of the 1,042 mile race, and the \$10,000 prize. Combs gave his time in the air as 511 minutes for the round trip. Major Rudolph Schroeder, another Toronto man who started, made the whole journey in 575 minutes, according to his log book, while the flying time of Lieut. R. F. Midkiff, a Mineola starter, was 591 minutes. Combs and Midkiff used De Havilland machines; Schroeder a VE-7.

Official announcement of the winner of the cash prize and the trophies may not be made until Saturday night.

Nineteen contestants in the race had completed the round trip between Mineola and Toronto when flying was resumed this morning. The weather conditions have improved over night. It was cold with stiff breeze, but the sun was shining and there was no prospect of further storms.

Word was anxiously awaited here today of the fate of Lieut. H. G. Slater, Canadian entrant, who disappeared on the Buffalo-to-Toronto leg of the flight. It is feared that Slater and his companion, Sergeant Strickland, were either lost in Lake Ontario or else blown out of their course by the storm and compelled to land in some isolated region.

Lieut. H. H. George, in a De Havilland four, left for Toronto at 9:37 on the return trip.

Lieut. Colonel Harold E. Hartney, who completed the round trip last night, said he would re-enter the race and would make another flight in the machine used by Lieut. Logan.

Lieut. F. T. Honisner, in a DH-4, who was forced to land at Farmingdale, L. I., last night, arrived at 8:19 this morning, completing the round trip. He had left the flying field for Toronto at 9:01 Tuesday morning.

AVIATOR IS SAFE

Buffalo, Aug. 28.—Reports received here at 10:30 o'clock says Aviator Slater, who was believed to be lost is safe at Mt. Clemens, Mich.

Approximately 500,000 railroad shopmen are voting on the question of striking rather than accept what they term "misery" wage increases allowed them by the United States railroad administration.

Steel industry threatened with tie up by strike of 400,000 workers. Negotiations in progress between steel corporation officials and workers' representatives apparently making little progress.

Practically all California without rail transportation as a result of widespread strike of railroad shopmen. Trains are not moving and there is imminent danger to the coast's great fruit crop.

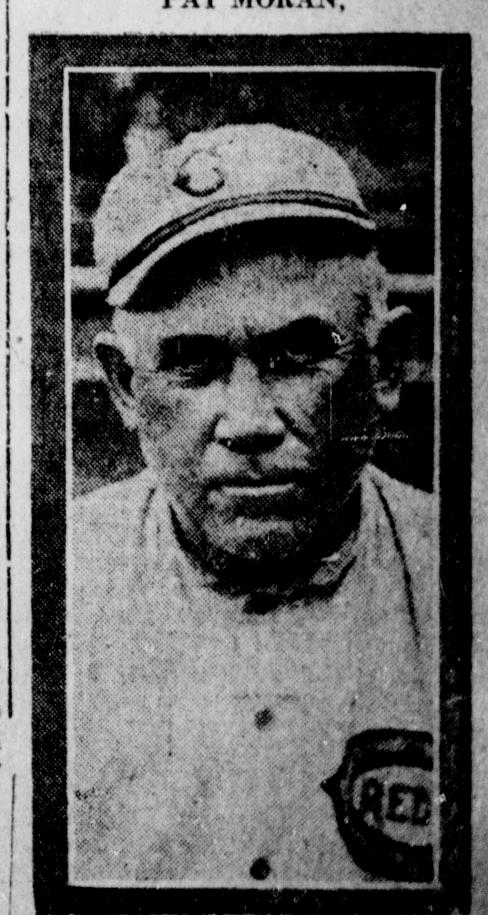

Nearly all of New York's theaters darkened for more than two weeks by strike of actors, stage hands and musicians. Little indication of ending. Similar situation prevails in Chicago.

Two persons killed and five others injured in clash between striking miners and mine guards at Breckinridge, Pa.

Pittsburgh's street railways tied up by strike of street car workers. Ten thousand paper box makers on strike in New York affecting 200 factories.

All service men are requested to register and receive a badge. Boy Scouts will assist in directing to place of registration, which will be in the Court House near the Main street entrance, between the hours of eight and ten o'clock.

NEW FACTORY WILL COME HERE IF XENIA CAN SUPPLY LABOR

A new and progressive factory, that would employ in the beginning in the neighborhood of 200 people, is considering a site for a factory branch in this city, representatives of the concern conferring with business men here Thursday morning.

The factory is well established in a neighboring city and is rated as one of the most responsible concerns in the state, employing in its home city thousands of people. Inability to get labor is behind the movement to locate a branch factory in this city, which is considered favorably for the new location.

Thursday morning the representatives of the new concern visited several factory sites, including the old fuse factory, which site was considered favorably by the representatives. The fuse factory buildings are in a good state of repair and could easily be adopted to the use of the new concern, the name of which is familiar here and all over the country, but which for the present is not being announced.

The new concern will employ 50 men and 150 girls to start with, all high class labor wanted. The men will be paid according to the rate in city factories, making the salaries attractive, and the girls will receive on average of \$2 per day for the few weeks they are learning their work, after which they will be put on piece work, at which they can make from \$3 to \$5 a day.

The location of the new factory would increase the industrial importance of this city, and turn into Xenia's business sluiceways every week a handsome weekly payroll.

When the factory representatives left Thursday morning, the labor question was all that stood between Xenia and the location of a splendid new concern here. If it is possible for the new concern to secure labor here to start up with, the factory asks nothing else from the city, but will locate here at once.

If the labor can be furnished, this city will have gained in size and industrial importance.

HOME WITH NEW WAR DECORATION

New York, Aug. 28.—A brand new war decoration came in from France today and even decoration wearied New York sat up and stared.

Hot Weather Chafed Skin

These hot days bring extreme discomfort. Fleshy people especially suffer. Chafing of the limbs causes the skin to become irritated and galled. Get rid of this annoyance at once. Gentle, soothing House-tonic-e-sh will do it. The first application gives immediate relief. It soothes and heals the tortured parts, and an occasional light application prevents any recurrence of the chafing.

Unlike all other liniments, House-tonic (The Original Jones') does not smart, burn or blister, even though the flesh is raw and bleeding. Antiseptic—No danger of infection when House-tonic is used. Don't be without it. Its continued use for nearly 30 years in thousands of American homes proves it the safest household remedy. A 25c bottle at your druggist lasts for months. Be sure you get the genuine with Dr. Jones' picture on the yellow wrapper. The Dr. J. C. Jones Co., S. Charleston, O.

PARKING PLACE IS ARRANGED IN ROBERTS FIELD

Funeral services for Miss Catherine Carroll will be held at 8:30 Friday morning at St. Brigid's church. Members of the Young Ladies' Sodality are expected to attend the service, and to meet at the home on East Second street this evening to recite the Rosary.

By special arrangement the Roberts field has been secured for parking purpose for Labor Day, when the County Home Coming will be held here.

The big field will be thrown open to automobiles and rigs and a man will be kept there all day long as a protection to the vehicles parked there. The field will be open for picnic parties and people wishing to bring their dinners can eat them there.

Traffic regulations issued by Chief Canaday forbid parking on certain streets, and there will be no machines parked on Main street between King and Whiteman and Detroit street between Third and Market, and no parking on Green street at all.

STREET DECORATIONS ARE BEING PUT UP

Fred F. Graham, who has the contract for street decorations for the city, started at work Wednesday and the court house and city building, put on their holiday attire for the Soldiers' Home Coming Celebration next Monday.

As there is considerable work in getting the streets ready for the soldier reception the work was started early in order to be finished on time. The court house and city building are now decked with bunting and flags.

Thursday workmen started the erection of the big platform on the Main street side of the court house and in front of the entrance, where the speaking will take place. The tables around the court house sidewalk were also started Thursday, and will be ready by Monday to be loaded down with the good things that will go to make the free dinner to the soldiers a success.

To insure physicians and their patients receiving the genuine Phosphated Iron, it has been put up in capsules only, so do not allow dealers to give you tablets or pills. Insist on capsules.

CARNIVAL PARADE WILL BE JOYOUS EVENT ON MONDAY

Gay and picturesque attired people are expected to flood Xenia streets

when the big carnival parade held in connection with the evening program of the Soldiers' Home Coming Celebration gets under way next Monday evening.

The big parade will start from in front of the Court House at eight o'clock and everyone is expected to fall in line. The parade will be led by the Moose band of this city and will wind its gay way through the streets and before the judges stand.

Prizes will be awarded to the prettiest costumed man and woman and to the most grotesque costumed man and woman. One thousand carnival paper caps purchased by the Fall Festival Committee several years ago and never used will be given out as long as they last to the paraders in the corridor of the Xenia Business Men's Association.

Dancing in the several halls will follow the parade.

Campaign Chairman, C. A. Weaver, will open the Community Get-together meeting tonight in the opera house, at 7:30 p. m., when he will tell the citizens of Xenia how the proposed organization of the Chamber of Commerce came about.

He will introduce presiding officer, Judge H. L. Smith.

Dr. D. Frank Garland, head of the department of Community welfare of Dayton, Ohio, and nationally recognized as an authority on civic and community development, will deliver the principal address on "The Chamber of Commerce and What It Can Do for Xenia."

D. E. Weigle, campaign director,

will speak briefly on "The Debt You Owe Xenia." He will explain the details of the movement to organize the intelligent leadership of Xenia.

Dr. Austin Patterson will be the local speaker. Community singing will be led by Dr. Fred Heilmann, with Miss Pauline Shoup at the piano.

The committee on arrangements is anxious to have everybody understand that all citizens of Xenia are welcome, and especially the women. A reception committee, consisting of men and women, will be on hand to welcome all who attend. This is the first public function of the campaign, and a big, enjoyable and profitable evening is in store for all who attend.

It is especially emphasized that there will be no membership solicitation or "passing the hat" at any kind at the meeting.

The admission is free and every citizen of Xenia, both men and women, owe it to their city to be present and hear Dr. Garland tell what civic organization has done for Dayton and other cities with which he is acquainted.

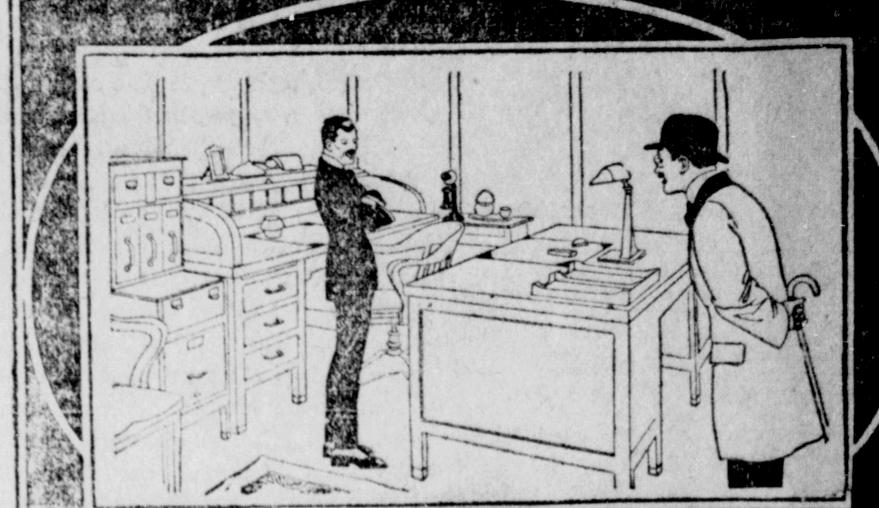

The addresses of Dr. Patterson and Mr. Weigle will also be most interesting. The meeting will start at the time announced, so be on time.

CROSS, MOODY MAN GOT OVERGROUCH NERV-WORTH WAY

Outspoken User Tells Also How Other Serious Ills Left Him.

This strong signed statement is telling proof of the wonderful work Nerv-Worth is doing for sufferers from nervous ills. It was given the Nerv-Worth druggist at Columbus.

Mykrantz Co.—I was very nervous and run down and in a knocked-out condition. Poor appetite and impaired digestion. Badly constipated. Could not get restful sleep. Was very irritable, moody and cross. In fact my nerves were all unstrung.

I procured one bottle of Nerv-Worth and am glad to say that after taking it all I am a different man. Sleep is good, appetite and digestion good. No longer nervous or irritable and get up of mornings feeling fine and strong. I recommend Nerv-Worth to all in the nervous and rundown condition that I was in. It did its work quick and kept me on my job. I am recommending it to my friends.

NEW VIEW OF THE SHANTUNG MUDDLE.

Republican majority in the Foreign Relations Committee, in the proposed "reservations" for the League of Nations, having adopted one which opposed that Shantung should go to China instead of Japan, Senator McCumber, Republican, of North Dakota, voted with the Democrats in opposition to the Shantung amendment, on May 25. He asked the Senate to overrule the Foreign Relations Committee. In his speech he gave airy reasons, and took such a sympathetic view of the Shantung matter that generally adopted, that our readers should have the following of his speech, as follows:

"First did the majority of this Senate pause in the midst of their discussion to make this particular amendment," he said, "and then promptly the usual leisure lay out for further hearings which will be a week or so more? The time is apparent.

"It is to signify to the country that Japan is hostile to this treaty. They put Japan in a position where she cannot without an appearance of being coerced to do what she has been induced to do. It is to cause trouble between this country and Japan, thereby send the first dagger into the body of this treaty. Is it an act of true friendship toward China or a mere political move to defeat the treaty? If its sponsors now fail to come forward and edge that if Japan is driven out of its treaty the United States will proceed single handed and alone to drive Japan out of China—will renew world war and send our soldiers to the Orient to fight for her, then this act they are betraying China with a false kiss.

"They know, and we know, that this treaty never will go to war against us to prevent Japan from doing what we have permitted every other nation to do in China without a protest."

EVERETT QUESTION SANDRA.

CHAPTER LII.

The next morning at breakfast Everett read his paper in silence. He looked so stern I did not dare interrupt him. Before he left for the office, however, he said:

"I shall be at home early. Try and meet me without red eyes."

"Yes, Everett," was my inane reply.

"And please remain in doors today. Read or practice as you like." Again I answered:

"Yes, Everett." I seemed to have lost all the courage I had the night before, and could only say the most ordinary thing to him—evidently what he expected, however, for he gave me a careless kiss and said:

"That's a good girl."

A good girl! I didn't want to be a good girl, I wanted to be like Leola, impulsive, indiscreet, so he would love me as he loved her.

"I won't be good! I'll be just as bad as I know how!" I said violently as I watched him go swinging down the street. "Leola wasn't good, and you cared much more for her than you do for me. I just will not be good!" I stamped my foot childishly as I turned from the window.

I wonder did he ever order Leola to stay indoors, and if she obeyed him? I asked the question aloud. "I bet she didn't I resumed my soliloquy. "And I won't be treated so! I won't!" and again the ready tears flowed.

As I look back, I think that had it not been for the ideas I had formed of Leola, her attitude toward life and toward Everett, I should have been far happier than I was, and probably should have been content to do the things Everett told me to do. But constantly Leola, her terrible indiscretions, of which I knew nothing, and had no means of finding out, were in my mind. But more than that was the jealousy caused because I had been told of Everett's love for her, which I believed was greater than that he gave me.

It was only a little after five when Everett came in. I had spent a miserable day, doing nothing he had advised, but walking aimlessly from one room to another, trying to kill time.

I thought of calling up Barrett Edmonds, but didn't quite dare for fear Everett would object. He did not yet know that Barrett had escorted Rose and me to the theater the night he came back. He would be sure to find it out, and it might make him unpleasant to Barrett—a thing I couldn't endure to consider. I had seen the effect of his actions upon Rose, and I wouldn't let him demean me before anyone else—especially before Barrett.

"What have you been doing all day? What have you read?"

"Nothing—to both questions," was my apathetic answer.

"You mean that you have neither read or practiced?"

"Yes."

"No wonder you are fretful and unhappy. Moping about doing nothing, I shall lay out a course of reading and study for you at once; and shall expect you to adhere strictly to it."

I made no reply.

"Where had you and Miss Grandon been that evening I came back?"

"To the theater."

"By yourselves?"

"No."

"Who was with you?"

"Mr. Edmonds."

"How did he come to ask?"

"We met him while out in the motor. I introduced him to Rose, and then he asked if he might help entertain her since you were away."

"I forbade you to go out to places of amusement while I was away; to receive calls—yet you deliberately ignore my wishes. I am very glad

NEW ACTORS' UNION, HEADED BY COHAN AND BOASTING FAMOUS STAGE BEAUTIES, OPPOSES STRIKING THESPIANS IN NEW YORK

Left to right, above: David Warfield, George M. Cohan and Fay Bainter. Below: Amelia Bingham, Justine Johnstone and Leonore Ulrich.

George M. Cohan, formerly an actor but more lately a manager, has organized a new union of actors which will fight the Actors' Equity association, now on strike in New York. Cohan's union is opposed to joining the American Federation of Labor. Among the

members of his organization are the old timers David Warfield and Amelia Bingham and such famous

stage beauties of the younger generation as Fay Bainter, Leonore Ulrich and Justine Johnstone.

your friend had sense enough to go home." As he finished it seemed as if something broke in me and I exclaimed:

"I am glad too! you don't suppose I wanted her to stay and see how awfully unhappy you make me, do you? As it is she will tell everyone at home how I am treated—how you insulted her! I wanted terribly to go home and see Father and Mother and the boys. Now I never want to go home—I'd rather die! There isn't one of the boys or girls in the whole town who won't pity me for being married. They all said I wouldn't be happy if I married you, that you would not let me say my soul was my own. But I didn't believe them. I do now!"

PUBLIC SALE 2 FINE FARMS 2

Known as the Martin Kline Farms located about one-quarter mile west of Byron on the Yellow Springs and Dayton Pike, and on the Trebein and Fairfield Pike.

The heirs at law of Martin Kline, deceased, will offer at public auction on the premises

Wednesday, September 3rd

at 2 o'clock p.m., the following real estate: Two farms, one consisting of 133 acres, known as the Martin Kline home place, and the other of 167 acres, adjoining the home place and known as the John Martin Wolf farm.

These farms are located about 8 miles east of Dayton and 9 miles from Xenia, in Bath Township, near a church and school.

The home place has a large 9 room dwelling in good repair, large bank barn 60x84, corn cribs and other necessary out-buildings; running water through the farm; all tillable land and in the best of condition.

The 167 acre farm has a ten room dwelling, large bank barn, corn cribs, scale shed, tobacco barn and all other necessary out-buildings; running water through the premises and is all tillable and fine land. Both farms have considerable bottom land on them. Possession of premises will be given March 1, 1920.

Terms of Sale:—One-third cash, one-third in 1 year, and 1-3 in two years, deferred payments to be secured by a mortgage on the premises and bear interest at the rate of 6 per cent per annum. Purchaser to have the option of paying all in cash should he desire, a reasonable time being given the purchaser to arrange for his money; the purchaser however to deposit a substantial sum to show good faith in closing the sale.

Any person desiring to know anything about the land or to examine the same can refer to Mrs. Ella Bates, R. F. D. 4, Osborn, Ohio, or to Mrs. Hettie Grimm, R. F. D. 3, Osborn, Ohio, who are the administrators of the Martin Kline estate.

Heirs of Martin Cline, Deceased

**IF YOUR BLOOD
IS YOUR LIFE**
HOW NECESSARY IS PURE
BLOOD TO YOUR GOOD
HEALTH.

Pure blood is as necessary to your good health as the air you breathe, the food you eat and the water you drink.

When the blood becomes clogged with impurities, you suffer from constipation, your nerves are weakened, your head aches and you feel generally run-down and exhausted.

The best and quickest way to cleanse the blood of the impurities which cause the trouble is to take the treatment prescribed by a successful physician for his patients.

This liquid treatment, ready prepared is known as Prescription C-2223. It is taken in small doses because it is concentrated, and being readily absorbed, cleanses the blood of the impurities which cause your ill health.

After using Prescription C-2223 for a short time, your skin will have that glow of health, indicating that your body is being nourished by pure red blood.

Prescription C-2223 contains no mercury, opium, morphine, chloral or strichnine. It is for sale by most good drug stores at \$1.50 a bottle, or the C-2223 Laboratory, Memphis, Tenn., will mail to you on receipt of price. Clip and mail this advertisement for literature.

**Buttermilk Creates
Beauty Overnight**

Delightful New Vanishing Cream Containing True Buttermilk Makes You Look Years Younger or Money Back.

The first application of Howard's Buttermilk Cream will astonish you. It creates beauty almost like magic, but the most wonderful thing about it is the fact that whilst it turns the dullest and most lifeless complexion to radiant health and makes red or rough arms snowy white, yet there is not the slightest sign of its after application. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

There is no secret about it nor is there any doubt about the result—it's just common ordinary Buttermilk in a form of a wonderful cream gently massaged with the fingers around the corners of the eyes and mouth.

To prove this to your complete satisfaction obtain a small quantity of Howard's Buttermilk Cream at Sayre and Hemphill's on the money back if dissatisfied plan. The directions are simple and it costs so little that any girl or woman can afford it.

HANG OUT YOUR SERVICE FLAG

Hang out your Service Flag on Labor Day!

It has been suggested that this plan is a bit of local decorating that would be most appealing to the soldier boy guests on that day.

These lads were overseas or in camps when the service flags fluttered around Xenia, and they have never seen these tributed to their sacrifice. Thus it would be well to hang them out on Labor Day as part of the decorative scheme. It would be well also to hang out Liberty Bond service flags won by the county and city.

ST. LOUIS PEOPLE INJURED IN AUTO ACCIDENT NEAR XENIA

Nelson W. Baldwin, salesman for the Mexican-American Hat Company of St. Louis, sustained a fracture of the left leg, and Mrs. Baldwin was severely bruised, when their Ford automobile crashed into a telephone pole and upset on the Columbus pike near the home of Thomas McClellan, Wednesday.

The telephone pole was broken off at the ground by the force of the collision, and partially torn loose from the wires. The automobile did not turn completely over and Mrs. Baldwin was able to escape from the wreckage and succeeding in lifting the machine sufficiently for her husband to crawl out. She also shut off the gasoline, as the engine was running. Mr. Baldwin was carried to the McClellan home where Dr. A. C. Messenger set his fractured leg, and he was later brought to this city and with Mrs. Baldwin, is at the Frances Inn.

The accident occurred when Mr. Baldwin attempted to drive his car around another machine containing some people from Wilberforce, with whom he was said to be racing. The car struck a rut in the road, and bounced, getting so far over the edge of the embankment that the driver was unable to control it. The people in the forward car stopped their machine, and assisted in carrying the injured man to the McClellan home.

Mr. Baldwin is well known to local dealers in men's straw hats. He had visited Xenia customers, and was on his way to Cedarville and Washington, C. H. when the accident occurred.

The damage automobile was hauled to the Central Taxi and Garage, on South Detroit street. It will need numerous repairs including a new body, new fender, windshield, steering rod and other parts.

THEATERS

BIJOU.
If Douglas Fairbanks ever had a lively role to portray in the pictures, he has one in "The Knickerbocker Buckaroo," in which pleasing Artcraft comedy he appears at the Bijou theater, Friday and Saturday.

From New York to Mexico goes Doug in search of adventure. Did he find it? I'll say so. Chased by the law, thrown into prison and getting himself into hot water generally is his daily diet until he cools off by jumping into the sea of matrimony, which was the biggest adventure yet. He is supported by Marjorie Daw, William Wellman, Frank Chapman, Eddythe Chapman, Albert McQuarrie and Ted Reed.

ORPHIUM.
A story, old yet new, is presented by the Mammoth Film Company in "The Libertine," which appears at the Orpheum theater, Friday, with John Mason and Anna Hanlon in the leading roles.

It is the story of the society protected libertine, who is the man who "can afford to play the game." He crosses the path of a pure-hearted girl, who is about to be married to a nice young chap. There is a powerful climax and a surprise finish. Marie Alexander, Walter Hitchcock, Edward Langford, Jean Stuart and Doris Sawyer also appear in the play, which is a Julius Steger production.

Beginning at 10 o'clock a. m., the following Real Estate to-wit:

ONE TRACT OF 98 ACRES

In Spring Valley Township, Greene County, Ohio, located about 1½ miles north of New Burlington, on the west side of Caesar Creek, known as the Lydia Mills farm, and having a house and barn on said premises and running water through the place; 15 to 20 acres of valuable timber. Possession of this farm will be given March 1, 1920. Appraised at \$70 per acre.

Also at said time and said place, will be offered a tract of 251.60 acres, known as the Jesse Compton farm, located about 1½ miles west of New Burlington on the New Burlington and Roxanna pike; This has been divided into three tracts as follows. A tract of 101 acres, which has a large frame house, large barn, corn cribs and other necessary out buildings and about 40 acres of timber, appraised at \$110 per acre. A tract of 77.87 acres, with a dwelling house of 10 rooms, and about 15 acres of timber, appraised at \$100 per acre. A tract of 72.73 acres, having no buildings, about 15 acres of timber, and considerable locust timber suitable for posts. This tract is well watered by a spring, appraised at \$65 per acre. These last three tracts will be offered separately and as a whole, and sold for the best price offered. As a whole they have been appraised at \$100 per acre. Arrangements can be made to give possession of the Jesse Compton farm, some time during the fall, the purchaser to have the right to sow the crop of wheat on the premises. Said premises must bring two-thirds (2/3) of the appraised value.

....TERMS OF SALE:—One-third cash, one-third in one year and one-third in two years, deferred payments to be secured by first mortgage on said premises, and bear interest at the rate of six (6) per cent per annum from date of confirmation of sale.

All three tracts of the Jesse Compton farm lie along the public roadway, and any person desiring to examine any of these farms can call either John Hill or John Compton, on the New Burlington Mutual phone.

These premises are sold by order of the Common Pleas Court of Greene County, Ohio, in partition proceedings in Cases Nos. 15011 and 15012.

SCHLESINGER IS GIVEN BACKING OF THE SUPREME COURT

Columbus, O., Aug. 28.—Through the decision handed down by the Ohio Supreme court yesterday the state has a convenient remedy for dealing with food hoarding in provisions of the cold storage act.

The court affirmed the Franklin County Common Pleas and Appellate courts in the Columbus Packing Company case, making possible the placing on the market of 150,000 pounds of confiscated pork loins and furnishing the means of action upon millions of pounds of beef, pork and poultry found to have been stored longer than the law allows.

Both by direct statement and by implication the court lays down propositions of law which are said to be almost revolutionary in the light of past decisions.

The first of these is the fact that if the motives in food cases may be judged by conduct, as they may be judged in case of other infractions of the law.

Extension of this principle to the criminal side, as has been advocated by Prosecuting Attorney of Franklin County, Hugo N. Schlessinger, the victor in today's judgment, would give "real-effect" to anti-trust laws.

Secondary in importance is the position that the violation of the cold storage act in itself constitutes a conspiracy in restraint of trade sternly condemned by the Valentine anti-trust act. By this rule is opened to the General Assembly an avenue of power to prevent hoarding in articles other than meats.

While cognizance is taken by the court of health feature of the cold storage act, this does not comprehend all the force of law, it is held, the court stating plainly that motives other than health were involved in the legislative intent.

Immediately after hearing the result of the decision, Attorney-General John G. Price ordered 1,000 copies to be printed. They will be furnished to the 88 Prosecuting Attorneys of the state and to legal officials of other states joined in the war upon hoarding, food conspiracies and extortionate prices.

By ALVAH JORDAN GARTH

(Copyright, 1919, by The Western News paper Union.)

There was the sound of crowding feet and hushed but excited voices. Young Dr. Allen Reeves, just at the threshold of professional practice, faced a group of half a dozen women and children who bore in their midst the figure of an exceedingly beautiful girl, but limp, lifeless, her face devoid of all color.

"It was at the alley, Doctor Reeves," babbled forth one of the women. "She was passing its end when Murphy's horse ran away. She was brushed against the wall and she went down like a broken flower. She is so still and white. Is it dead she is!"

The poor of the neighborhood knew the young physician well in time of illness and trouble and were friendly and familiar. Doctor Reeves spoke a reassuring word.

"No bones broken, one shoulder bruised quite badly, but there's the shock," he said to Mrs. Hannigan. "Just hold this phial to the nostrils and fan the young lady till I go to the drug store and get some medicine I find I have run out of."

The young doctor moved with celerity. He was not a man given to trivial impulses, yet his whole soul was enlisted in the present case. Never in his life had a lovely face so impressed him as that of this hapless patient. He wondered who she could be, obtained the remedy he was after and was not gone from his office more than ten minutes. His face clouded as he entered it, for his absence, brief as it was, had been of sufficient duration to mark the return to consciousness of his mysterious patient and her departure:

"I couldn't stay her, doctor dear," explained Mrs. Hannigan. "She was all nervous and troubled. She said she must hurry to a train and that her sister had her railroad ticket. And when I told her of you she looked at your picture on the wall there and said you must be a truly kind-hearted man. Then she said something about having no money and after she'd gone I found this lying on the little stand yonder."

"This" was a small pretty finger ring holding an amethyst surrounded by small pearls. Along its inner rim was the inscription: "Anice from Sister." Doctor Reeves traced an element of pathos in the situation. This Anice, whose fair features were so powerfully impressed upon his mind, had left the ring in lieu of the money for his fee. He made a great many vain inquiries regarding its owner the next day, but it was of no avail. Pietro Santos, a settlement favorite who made and peddled plaster of paris images, was brought into his office that afternoon with an injured limb, and this distracted his thoughts from this provokingly beautiful and persistently haunting Anice. She was back in his memory and cherished regard, however, within a few hours. Reeves attached a ribbon to the ring and wore it hidden from view.

"Go-a-de country, doctor," announced Pietro a month later, all mended up and staring on one of his usual trips away from the city. "Owe-a for you fix-a Pietro up so fine. Pay-a when I come back."

"Don't you worry about that," said the young physician, waving the grateful itinerant an encouraging adieu.

Two afternoons later at the edge of a little village Pietro came across a gang of rough boys who attacked him, took his handbag, money, bound him and, setting his pretty wares on fence posts as targets, proceeded to demolish them. An hour later, passing the spot, a moan attracted the attention of a fair, gentle-faced girl, Dr. Allen Reeves would have given a good deal to have seen, for she was the patient who had disappeared so disappointingly--Anice Merrill.

Her true sympathetic soul was revealed as she set the victim of brutality and havoc free and heard his pathetic story. She led him to her home, cared for him until the next day and even provided him with the money to pay his fare to his city home.

"You saw-a my courage, my life," he told Anice. "I never forget. When I come again I bring-a you a great work of art. Ah, you have inspired the poor mock sculptor. He mak-a your beautiful face live!"

It was two months after that when Pietro appeared in the office of Doctor Reeves. He was thin and showed a strain of incessant hard work, but his eyes glowed and his face was irradiated.

"Doctor," he said, placing on the table an object done up in a cloth. "I never pay-a yet, but now I go out with a new image--oh, such beauty! Ah! It sell-a everywhere. Soon I will have for you the glad-a pay. See, you are my good-a friend. Is it not beautiful?"

And removing the drapery Pietro revealed to Doctor Reeves his marvel of handiwork--a statuette in which genius and gratitude had portrayed true to life the dazzling features of Anice Merrill.

After that there were two cherished objects in the household when Doctor Reeves and Anice Merrill were installed in a home of their own: the little amethyst ring and the statuette which had led the ardent Allen straight to the presence of the girl he loved.

FRED STRICKLAND TO SPEAK IN XENIA

Prof. Fred G. Strickland, of Defiance college, will speak in our city Saturday at 7:30 p. m. This meeting will be held in open air on the square. A New World for the Workwrs will be the subject of the address.

Prof. Strickland is a minister of the Christian Church, and is well known in the state as a labor orator, having traveled in this field for something like 20 years. He was founder of Hiram House, the first Social Settlement of Cleveland and is engaged at the present time as Professor of Economics and Public Speaking in Defiance College. During the War time he served in this country as a Y. M. C. A. war work secretary, and one of the Four Minute men.

CONSTANTINOPLE

U.S. EMBASSY

The Pivot of the Turkish Situation — A Sketch of This Interesting Old City — The Most Cosmopolitan In the World.

Copyright, 1919, The International Syndicate.

CHIE CITY of Constantinople, which has been the mecca of thousands of travelers, stands upon two continents and is made up of three towns which are separated by arms of the sea. In Europe are Galata-Pera and Stamboul divided by an inlet of the Golden Horn and in Asia is Skutari clinging to the slopes of a mountain. Since the conquest of the Turks Constantinople has been the residence of the Sultan and seat of Government, religious and secular. The home of the Sheikh ul Islam, of the Greek, and Armenian Patriarchs and the Chief Rabbi of the Jews who respectively represent to communities of which they are the spiritual chiefs. Its population seems to be uncertain but it is at least one million, a people who are noted for their sobriety, for it is well known that the Moslem does not drink intoxicating liquors.

Interesting Streets.

The streets are always filled with a motley crowd, which before the war included people of every nation, who came to view and study this great city. Among the natives everybody lives in dread of everybody else and often fights occur at night, and for this reason it is not safe for travelers to wander about the city alone after nightfall. Even in the Galata-Pera part of the city, where a delightful hotel for foreigners is located, it is not an uncommon thing for a shoot-

ing fray to occur any night in the park near the hotel.

Early History.

Constantinople is among the oldest in the world and a favorite stopping place for the archeologist. Although it has passed through many troublous periods its ancient relics are in good condition, and much of its early history is preserved. It was founded in the Sixth Century, B. C., by Greek adventurers. Owing to the site its settlement prospered and its possession soon became the aim of many nations. About 330, A. D., Constanti-

nus the Great decided that this city should be his capital in preference to Rome, and gave it the name of Constantinople. It soon became the head of Greek civilization, while Rome remained the great center for the Latin races. From 395 to 1453 it was the capital of Byzantine or the Eastern Empire. The Patriarch of Constantinople gradually rose to be the head of the Christian church in the East. Owing to its position it was besieged in many wars and finally taken by the Turks. Its great walls were ruined although parts of them remain standing. This wall was built by Theodosius the Great, who reigned in Constantinople the latter part of the Fourth Century and stretched for miles. In 1241 the city was captured

and sacked by the Crusaders, who established a Latin Empire, which lasted only until 1261, when the Greeks regained the city. Its capture by the Turks in 1453 marks an epoch in history for ever since that time it has been the storm center of European politics. To the average traveler its bazaars at Stamboul and its bridges across the Golden Horn to the different parts of the city are of the greatest interest. The former is the great market for almost every commodity in the world and is a place in which you know you will be cheated yet you make visit after visit to the place and pay less than half of the merchants price and still find yourself worsted by the bargain. The place is dimly lighted and you are led into shops, the

proprietors of which you know divides with your guide in the profits and yet you cannot resist the fascination of buying. This bazaar, some parts of which are underground, seems to be miles in length.

Bazars And Bridges.

There are many beautiful things from the Orient on sale, such as Chinese silk of the finest kind, Persian knicknacks, Turkish and Persian carpets, large vases with Arabic inscriptions and all sorts of worthless muslins and jewelry, in fact there is everything on sale!

The bridges are intensely interesting for if one will stand at their entrance for an hour it will seem that the entire world passes in review. Costumes of every land, people from the Orient and people from Europe all in one constant procession.

Hundreds of the little Turkish carriages, drays, wagons and cattle of every variety seem to be out on parade yet this endless procession seems to "go on forever."

Mosque Of St. Sophia.

Constantinople has more than its share of Byzantine churches, the greater part of which are now

mosques, but the most important is that of St. Sophia, probably founded by Constantine the Great and finished by Constantius. It was dedicated with great pomp in 360. Several times it was burned to the ground, but rebuilt at once. After the taking of Constantinople it became a mosque and is today the largest one in the world. It contains many relics of the days when it was Christian, and a Turkish guide will point these out. Among these relics is the Cradle of Jesus made of red marble and the basin in which He is said to have been washed. Both of these, according to tradition, were brought from Bethlehem. There is also a column which always emits a dampness and by touching it one may obtain a marvelous cure from disease. Of course, this cure can only be made if the sick person contributes to the Moslem cause and this is only one of the many paradoxes of the city.

The mosque itself with its great dome is a beautiful structure. Many of the fine mosaic paintings have been covered with a light plaster, but they can be easily seen through its thin cover. One of the Virgin with her hands lifted in prayer can be plainly seen. The mosque, like all others, is entirely devoid of seats for the Moslems carry mats and bow upon them during the service. Many additions have been built to the church, but these are not nearly so artistic as the original parts. There are any number of other mosques, some even more beautiful but none so large.

GEORGE W. WHITMER DIES SUDDENLY FOLLOWING AN ATTACK OF PARALYSIS

George W. Whitmer, assistant train master of Cincinnati Division of the Pennsylvania lines, and well-known and prominent Xenia citizen, passed away at his home on South Detroit street at 6:30 o'clock Thursday morning, following an attack of paralysis resulting from a cerebral hemorrhage at six o'clock Wednesday evening.

The sudden death comes as a severe shock to Mr. Whitmer's many friends and his railroad associates with whom he had been working Wednesday. Mr. Whitmer went to Cincin-

nati with John Daly Wednesday but he returned home before Mr. Daly in order to attend a family picnic which was being held at Richland church. He ate heartily of the supper and after the meal walked over to a tree and sat down. When addressed by his brother, J. H. Whitmer, a few minutes later, it was discovered that he was ill and he was at once rushed to his home in this city. The cerebral hemorrhage caused paralysis which affected his voice and he never spoke after the attack which resulted in his death.

Mr. Whitmer was 59 years of age last March 31, and was born in Winchester, Preble County, Ohio. He was a son of Rev. David and Amanda Catherine (Gardner) Whitmer, who came to this city from Pennsylvania. David Whitmer was twice married, his first wife being Hannah I. Fox of Richmond, Indiana, by whom he had two sons, William C., now deceased and Charles W. Whitmer of this city. Of Rev. David Whitmer's second marriage there were eight children, of whom George Whitmer was the oldest. His surviving brothers and sisters are: Mrs. E. H. Hart of West Second street, Clarence of Chicago, Miss Hattie W., who has been making her home with her brother on South Detroit street. J. H. Whitmer, of West Market street, Mrs. Marshall Lupton of Indianapolis, and Mrs. W. B. Fulchum of Richmond, Ind. Edward Tiffin Whitmer, another brother, is now deceased.

Mr. Whitmer turned his attention to railroading early in life and in his boyhood days became a telegraph operator, working at various stations along the lines that now form a part of the Pennsylvania railroad system. Later he was made station agent at Wilmington. A few years later he was promoted to the position of train dispatcher and for fifteen years held this position part of the time being at Cincinnati and part at Xenia. In 1904 he was appointed assistant train

master of the Cincinnati division of the Pennsylvania Lines with headquarters in this city, and he has been stationed here ever since.

Mr. Whitmer was never married, but he and his sister Miss Hattie W. Whitmer made their home together on South Detroit street. Funeral services will be held there Saturday afternoon at 3 o'clock and burial will be made in Woodland cemetery.

PORTLAND CLEANS UP IT'S RUSSIAN SECTION

Portland, Ore., Aug. 28.—The rainbow of Bolshevik rule in Russia must have tipped its end in Portland, but no pot of gold was discovered.

Instead, in the Russian section here police and health department officials found such a deplorable state of affairs that they ordered a cleanup.

Filth, chaos and disorder reigned supreme, and under penalty of arrest the Russians were told to "straighten their house."

The action followed an investigation of the district for many days.

FARMERS POOL ACREAGE FOR OIL DRILLING

Mound Ridge, Kan., Aug. 28.—Contrary to the usual methods of farmers, who oppose oil drilling and prefer to let a dozen farmers living southward of town have pooled their acreage—5,000 acres—and are offering it to any individual, group or corporation that will drill. They offer an undivided half interest.

EVERYTHING IS IN READINESS FOR BIG DAY

Welcome, buddy.

The glad hand of welcome will be extended on Monday, Labor Day, by the people of Greene county to every soldier, sailor or marine who went to war from this county, or who happens to be visiting in the county on that day.

Final plans for the big event were made at an enthusiastic meeting of all the Home Coming committees held Wednesday evening. At that time all committees reported that duties assigned them had been performed and that everything is in readiness for the most joyous event in the history of Greene County.

The finance committee, headed by C. A. Weaver, reported that over \$2,000 has been raised in Xenia city alone. Reports from the districts outside of Xenia were not complete, but is confidently expected that the county outside of Xenia will raise an amount equal to Xenia's contribution to this glorious, patriotic celebration.

That there will be a bounteous dinner was indicated by the report of the ladies committee, of which Mrs. C. S. Dean is chairman. This committee has done splendid work and has canvassed the entire county for food. There will be fried chicken by the bushel and all the other things that go with a big picnic dinner. The ladies reported that in the evening they will serve a sort of buffet lunch to soldiers, many of whom will remain over for the evening entertainment.

Judge H. L. Smith, chairman of the speaker's committee, announced that he had secured Col. Charles A. Young to give a short address during the speaking program. The other speakers will be Col. Ralph D. Cole and Major W. P. Edmunds. The address of welcome will be made by Dr. W. R. McChesney and the response will be made by Captain C. L. Darlington. This speaking program will be held in front of the court house directly after the dinner has been served. Following the speaking the Xenia Glee club will give a concert for an hour. Then will come the premier event of the day, the boxing contest. In the evening dances will be given at the rink, the K. of P. hall and the Elks' hall. These dances will be free to soldiers. The dances at the K. of P. hall and the Elks' hall will be in charge of committees from those organizations. The dance at the rink will be in charge of a committee of young colored men.

A big attraction in the evening will be the masked carnival in which everyone is asked to participate.

Confetti throwing will not be permitted and neither will fireworks of any kind be permitted used on the day of the celebration.

BELLBROOK WILL HOLD ITS REUNION IN XENIA MONDAY

Bellbrook has the right spirit for a real county celebration.

For fifteen years this town has held a Home Coming on Labor Day every year, but this year is foregoing the pleasure of having its own affair to come to Xenia and join in the all county Home Coming to the soldiers.

The Bellbrooks will meet on a

selected corner of the Court House

square and in the language of Pres.

James R. Hale of the Bellbrook Home

Coming Association they "are going

to take Xenia." The spirit shown by Bellbrook is splendid and shows that the entire county is together in making this Soldiers' affair the success it deserves to be.

Colored Rains.

The rain can and does wash down anything that happens to be in the air at the time, including dust, pollen, small insects, but we have no record of tadpoles being washed down out of the air. The phenomena of colored rains, so-called rain of blood, etc., can be readily explained by the presence of dust in the atmosphere.

MOTORADS

Sometimes the motorist will try to lengthen the life of an already worn out shoe by slipping an old over size shoe over it, gaining the advantage of two thicknesses of fabric and rubber. The outer shoe often slips out of place or bulges because of its being too large for the wheel rim. One man I knew cut the clinches off the original shoe, which allowed the outer side one to fit snugly against it. Then he clinched them together with a row of copper rivets a round both sides. The rivets were put in about six inches apart.

Here is a brass polish that cannot be exceeded. It requires very little effort and will clean and bring to a high luster the most tarnished pieces. Take five ounces of silica, one ounce of whiting and one ounce of fine powdered oxalic acid. Mix thoroughly. Next shave up one ounce or more of laundry soap, add a little water and melt over a fire. Then mix the whole thing together, using water to thin it if necessary.

When sufficiently mixed, pour into a tin cover or other receptacle and allow it to set into a cake. To use a wet cloth and rub it on the cake, then proceed to clear the brass. Then finish off with a clean, dry flannel or a piece of chamomile.

SERVICE AT OLD TOWN.

There will be preaching service at Old Town M. E. church on Sunday afternoon Aug. 31. The Sacrament will be administered at the same service. This will be the last service before conference, and we do not know what changes may take place, therefore as your pastor I urge you to be present. Also make sure that your Centenary pledges are paid up to date. And every other financial obligation. Preaching service at 3 o'clock. Come and bring someone with you.—Rev. Matheson.

ENGLISH EXPERT DENOUNCES THE AIMS OF JAPAN IN CHINESE EMPIRE

Prairie, Aug. 28.—Vigorous denunciation of Japan's aims and commercial ambitions in China, is contained in an article written by Henri Cordier, French expert on far eastern questions.

"America realizes more than Europe the menace to world peace in Japan's ambitions," said M. Cordier. "A satisfactory Shantung settlement is necessary to ensure world peace, because, in addition to the United States, England and France are directly interested in the problem."

M. Cordier then went on to criticize China for the laxness of her administration and the weakness in her defense and the presentation of her case at the peace conference. He added: "But China is now awake. Everywhere Japanese goods are being boycotted and Japanese shipping magnates, who also control trade, are coming alarmed over this economic war."

M. Cordier charges that, while the war was in progress, Japan cungrily circled China, menacing her independence and her economic life. In the same way, by secret agreement with the former Russian czar's government, Japan sought to prevent a from seeking outside aid, the

writer asserted. In this connection M. Cordier laid stress on the agreement of Count Sazonoff, foreign minister, and Count Motono of the Japanese ministry, whereby Japan and Russia were to come to one another's aid in the event that any third power sought hostile designs against Russia or Japanese interests in China.

M. Cordier declares that the envoys' behavior towards China during the peace conference was "inexcusable." He added the powers gave away because they feared that the Japanese would withdraw from the conference if the Italian had done.

During the war, continued Cordier, the powers gave in to Japanese ambitions because she (Japan) was capable of supporting her claims with her army and navy.

"Japan is a war-like nation," said M. Cordier. "Always Japanese invasions have harassed the Chinese coast. In the seventeenth century she (Japan) threatened the Philippines. Today she covets the northern Pacific and northern Asia, whilst dreaming of a protectorate over China."

GERMAN AND LETTISH TROOPS IN CLASH MAYOR OLE HANSEN RESIGNS AS HEAD OF SEATTLE GOVERNMENT

Berlin, Aug. 27.—German and Lettish troops have clashed at Mitau and two companies of Letts were dispersed, according to information received here today. Afterwards the Lettish commandery was sacked.

The German government has been faced in an embarrassing position by refusal of the Germans to withdraw from the Baltic lands. Under terms of the Versailles treaty, the men were pledged to withdraw their troops from this district.

Representatives of the iron division of the German army in Baltic Russia announced the intention of the soldiers to remain in telegram to Gen.

Dergoz President Ebert, Chancellor Bauer, and Gustave Noske, minister of public defense.

PRESIDENT TO START HIS TOUR ON SEPTEMBER 3RD

Washington, Aug. 28.—President will start on his speaking tour of the country, and will make his first address at Columbus, Ohio, on Sept. 4, as announced at the White House today. His second speech will be at Indianapolis on Sept. 5th. The President will be accompanied by Mrs. Wilson, Secretary Tumulty, Cary T. Grayson, his aide and physician, three White House stenographers, Secret service men and newspaper correspondents. The will leave in special train on the night of September 3.

TRY TO FORCE CROSSING. London, Aug. 28.—The Russian Bolsheviks in the offensive on the north front had eight times to cross a crocodile of the Tormea river, the eastern frontier of Finland, before they were driven back, said a dispatch from Helsinki.

In several cities where he has lectured, Hansen's name has been mentioned in connection with the nomination for the presidency on the Republican ticket.

SEIZE LOAD OF WHISKY Cleveland, O., Aug. 28.—Alleged to be on its way to Akron for "storage" 104 cases of whisky seized on a truck on Lorain avenue last night, today changed its destination to the storage house of Uncle Sam's internal revenue agent. Two men claimed they had purchased the stock at a downtown hotel.

WASHINGTON INAUGURATES "BACK TO BASKET" MOVEMENT.

In order to do away with the H. C. of L., Washington, D. C., has launched a "back to the basket movement" and in that way expects to effect a saving of \$5 to \$10 per week. Under the direction of the Department of weights and measures of the District Government, nearby fruit and vegetable growers are permitted to sell their products on designated streets. Photo shows a scene at the market.

EGYPTIAN PRINCESS PLANS TO START ON NEW YORK-TORONTO PRIZE FLIGHT.

Princess Bella Patra of Egypt (left) straining her neck to get another glimpse of one of 40 planes which started on the \$10,000 prize flight to Toronto. The start was made from Roosevelt Field, Mineola, General Mencher, Chief of the Air Service gave the signal for the start, while at the Canadian end of the line, the Prince of Wales gave the word. The aerial race for the quickest round trip between Toronto and New York was for a prize of ten thousand dollars and was held under the auspices of the American Flying Club, 40 planes of five nations taking part.

SEVENTH VICTIM MAY BE CLAIMED BY FATAL DINNER

Alliance, Ohio, Aug. 28.—Fears expressed today that the fatal dinner party at Lakeside club will claim a seventh victim.

Physicians in attendance to Mrs. Willis F. Sanford today pronounced her "not so well." She has been hovering between life and death for two days now. It was learned today that her throat is paralyzed and paralysis was one of the symptoms preceding death on the other victims.

Telegrams of condolence were pouring in today to Mrs. C. C. Weybrecht, widow of Colonel Weybrecht, world war veteran, in whose honor the event was held at Lakeside club. Arrangements for the funeral of Col. Weybrecht were practically complete today. It will be held tomorrow and he will be accorded a military funeral in keeping with his splendid record as a soldier.

The funeral of Mr. and Mrs. John C. Sharpe will also be held tomorrow but will be private. The first funeral will be held late today at Sebring when Mrs. William I. Gahris, dead hostess of the dinner, will be buried.

In several cities where he has lectured, Hansen's name has been mentioned in connection with the nomination for the presidency on the Republican ticket.

DOUGHNUT "TAG" DAY IN XENIA FOR SALVATION ARMY

Captain R. A. Beard, of Toledo, lately of the 135th Field Artillery of the 37th Division, is in this city in the interests of the Salvation Army Home Service campaign, which fell down pitifully in a previous attempt to raise \$3,000 here this summer.

Through the efforts of Captain Beard, a Doughnut Day, such as were popular all over the country during the campaign time, has been inaugurated to be known as Doughnut Tag Day, and will take place on next Monday, during the Soldiers' Home Coming celebration. Through this campaign an effort will be made to raise the \$2,500 discrepancy needed, or at least get started a campaign to raise that amount.

The Doughnut Tag Day will be put on under the auspices of the local lodge of Elks, the organization that has done much to keep the Salvation Army on its feet. Printed doughnuts on tags will be sold to people on the streets that day by the Elks, and Captain Beard hopes to get a good start toward making up the amount necessary in this manner.

Nobody wants to turn down the Salvation Army and there was general regret the campaign conducted here was a failure. It is hoped that this time everyone will be given an opportunity to respond to the appeal of this great organization and that Greene county people will not be found wanting.

SPEEDING AUTOS KILL 2, INJURES 4

Cleveland, Aug. 28.—Speeding automobiles dealt death to two and injured four in the past 12 hours. Patrolman John McKenna hit by a machine driven by J. C. Nevin, secretary of the Cleveland Federal Reserve bank, is one of the dead. Nevin is charged with manslaughter. Frederick Steinlechner, 5, was killed when struck in a collision between two automobiles while sitting on the curb waiting for his father.

ORGANIZE SOCIETY FOR PROMOTION OF CHILD WELFARE

A Greene county branch of the Ohio Society for the Promotion of Child Welfare will be organized.

Miss Lucia B. Johnson of Columbus, secretary of the Ohio branch of the organization, which is becoming nationwide, spent yesterday in Xenia, in the interest of the movement. Miss Bertha Trebein was appointed county secretary for the local branch, and committees to assist her in the work will be named later.

The society is a combination of the Children's bureau of the United States department of labor and the child conservation section of the Council of National Defence.

The primary object of the organization is to conserve the health of the children, and promote their welfare in all lines, physical and mental, on the grounds that the future of the nation is dependent upon the facilities given the children, and the care taken of them mentally, physically and morally.

Educational leaders, and prominent men and women in all lines of endeavor are now giving this subject much thought. The matter is an outgrowth of the war work.

BUSINESS HOUSES TO CLOSE LABOR DAY

It is practically assured that almost all business houses in the city, excluding restaurants, drug stores and soda fountains and soft drink places, and pool rooms, will be closed on Labor Day, when Greene County will welcome its soldier sons home.

A committee of women visited all other business houses Thursday and were greeted warmly having little difficulty in securing the signatures of the majority of business houses to close on that day.

The soldiers of the county hope that there will be no one so unpartisan as not to close all or at least part of the day. It is understood that the barber shops are not going to close, because some few of them desire to stay open, but it is hoped that they will change their minds at least by Monday. It would be unpartisan indeed for shop keepers to try to make gain out of a day set aside for the soldiers only, and it is hoped that there will not be a business house open on that day.

The Doughnut Tag Day will be put on under the auspices of the local lodge of Elks, the organization that has done much to keep the Salvation Army on its feet. Printed doughnuts on tags will be sold to people on the streets that day by the Elks, and Captain Beard hopes to get a good start toward making up the amount necessary in this manner.

FILE PETITION ASKING RIGHT TO SEIZE MEAT

Toledo, O., Aug. 28.—Upon receipt of the states supreme court ruling upholding the constitutionality of the cold storage law, Prosecutor Allen J. Seney announced he would file a petition in appellate court here for the right to seize 351,000 pounds of pork in storage here owned by Swift and Co. in alleged violation of the Smith law.

Coupled with this was a statement by Seney that he would present before the grand jury evidence which, he says, is sufficient to indict a number of local ice dealers for alleged fixing of ice prices.

PERMANENT RANK OF GENERAL TO BE GIVEN PERSHING

Washington, Aug. 28.—The house was slated to pass today without opposition a resolution granting permanent rank of general in the United States army to General John J. Pershing.

The rules committee was also arranging with the senate leaders for a joint special session of the house and senate after the return of General Pershing to this country as a further special honor for the commander in chief.

FORMER COMMANDER IN BOER WAR DEAD

London, Aug. 28.—General Louis Botha, prime minister of the Union of South Africa and one time commander of the Boer forces in the Boer war, died suddenly of heart failure, said a Central News dispatch from Pretoria today.

General Botha was born at Greytown, in Natal, in 1863. He succeeded General Joubert as commander in chief of the Boer forces, during the hostilities between the Boers and British in South Africa and held that post during the remainder of the Boer war.

At the outbreak of the world war, Gen. Botha, who was then an officer in the British army, was put in command of the Union forces in Southwestern Africa. He achieved complete success and received the surrender of the German army operating in that region.

U.S. FINANCIAL MISSION IN WARSAW

Geneva, Aug. 28.—An American financial mission has arrived in Warsaw to establish branches of American banks throughout Poland, it was announced today by the Polish publicity bureau. The object, it was said, is to fight German financial monopoly in Poland.

AMERICAN PEACE DELEGATION IS GROWING TIRED OF PARIS SOJOURN

Paris, Aug. 28.—The American peace delegation headed by Frank L. Polk, is preparing to ask President Wilson whether it is worth their while to remain in Paris attempting to solve the problems of southeastern Europe, it was learned here today.

Upon the president's reply will depend upon whether they will return to Washington, leaving the European powers to settle the affairs which have arisen as a result of the Rumanian entry into Budapest. The conference

has several times warned Rumania against looting the Hungarian capital, but at latest advices the Rumanian soldiers were still removing all the material they could carry away. It is declared in some quarters that there is no doubt that Rumania's fractiousness is due to some extent to encouragement she has received from her European allies.

In consequence of the situation that has arisen there is serious talk at the hotel Crillon that the Americans may pack up their belongings and go home.

LONDON HAS BEEN SITTING OVER VOLCANO

London, Aug. 28.—London has virtually been sitting on a volcano of dynamite, T. N. T. and other high explosives, and now that the war is over, discussion has arisen whether this volcano shall not be shunted elsewhere.

When the armistice was signed, there were 10,000 tons of explosives stored in flimsy, non-fireproof buildings at Woolwich, which is just six miles from the Bank of England and in a populous district of East London. Had a German bomb ever hit this explosive "dump," not enough of Southeast London would have been left intact to start a village.

Out of 172 buildings, each containing more than a ton of explosives, only 15 comply with government regulations imposed on private manufacturers for storing explosives, says a government report. Woolwich is a state arsenal.

An investigation resulted in two reports, one recommending removal of the arsenal to some more sequestered district less vulnerable to air attack, while the other recommended the arsenal stay where it is, for the vulnerability Woolwich has from the air soon will be shared by the whole country as the power of aeroplanes increases.

Meanwhile the report suggests that the government place as many orders as possible at Woolwich for tanks, mechanical transport, naval hydraulic mountings and other government stores not now produced there.

AMERICAN FLYER LOOKS LIKE WINNER IN GREAT AIR DERBY

Roosevelt Field, Mineola, Aug. 28.—Unless his time is beaten before the New York-Toronto aerial derby ends tomorrow night, Sergeant Combs, an American flyer who started from the Canadian city, probably will be judged the winner of the 1,042 mile race, and the \$10,000 prize. Combs gave his time in the air as 511 minutes for the round trip. Major Rudolph Schroeder, another Toronto man who started, made the whole journey in 575 minutes, according to his log book, while the flying time of Lieut. R. F. Midkiff, a Mineola starter, was 591 minutes. Combs and Midkiff used De Havilland machines; Schroeder a VE-7.

Official announcement of the winner of the cash prize and the trophies may not be made until Saturday night.

Nineteen contestants in the race had completed the round trip between Mineola and Toronto when flying was resumed this morning. The weather conditions have improved over night. It was cold with a stiff breeze, but the sun was shining and there was no prospect of further storms.

Word was anxiously awaited here today of the fate of Lieut. H. G. Slater, Canadian entrant, who disappeared on the Buffalo-to-Toronto leg of the flight. It is feared that Slater and his companion, Sergeant Strickland, were either lost in Lake Ontario or else blown out of their course by the storm and compelled to land in some isolated region.

Lieut. H. H. George, in a De Havilland four, left for Toronto at 9:37 on the return trip.

Lieut. Colonel Harold E. Hartney, who completed the round trip last night, said he would re-enter the race and would make another flight in the machine used by Lieut. Logan.

Lieut. F. T. Honisner, in a DH-4, who was forced to land at Farmington, L. I., last night, arrived at 8:19 this morning, completing the round trip. He had left the flying field for Toronto at 9:01 Tuesday morning.

Buffalo, Aug. 28.—Reports received here at 10:30 o'clock says Aviator Slater, who was believed to be lost is safe at Mt. Clemens, Mich.

BIDS OPENED BY CITY FOR PAVING AND FIRE TRUCK

Bids from seven different contracting firms for the street paving to be done in this city shortly, were opened at 12 noon, Thursday, before a crowd of about 50 people, at the commission rooms in the city building.

The bids for the different kinds of street paving specified were presented by Wm. J. Kirschner and Son of Dayton, the Andrews Asphalt Pavement Company of Hamilton, the Fink Engineering Company of Dayton, Bigler Brothers, Middletown, McHugh Brothers, Springfield, C. J. Wetzel, Dayton and Foster-Reichert of Dayton.

The new concern will employ 50 men and 150 girls to start with, all high class labor wanted. The men will be paid according to the rate in city factories, making the salaries attractive, and the girls will receive on average of \$2 per day for the few weeks they are learning their work, after which they will be put on piece work, at which they can make from \$3 to \$5 a day.

The location of the new factory here would increase the industrial importance of this city, and turn into Xenia's business sluiceways every week a handsome weekly payroll.

When the factory representatives left Thursday morning, the labor question was all that stood between Xenia and the location of a splendid new concern here. If it is possible for the new concern to secure labor here to start up with, the factory asks nothing else from the city, but will locate here at once.

If the labor can be furnished, this city will have gained in size and industrial importance.

HOME WITH NEW WAR DECORATION

New York, Aug. 28.—A brand new war decoration came in from France today and even decoration wearied New York sat up and stared.

Willard J. Long, Providence, got home wearing on his breast the "croix de cruller," a huge bronze replica of the real thing.

He won it by eating 249 crullers in a contest on the Rhine which lasted 24 hours.

Fortunately no one was injured when the touring car owned by J. Elmer Waddie, of this city, turned completely over on the pike about 15 miles this side of Columbus at 6:45 o'clock Wednesday evening.

Mr. and Mrs. Waddie and Mr. and Mrs. Mack Anderson, of Cedarville, were returning from Columbus when the accident happened. A deep ditch borders the roadside at this point, and slipping in the loose gravel along the road edge, the machine became overbalanced and turned completely over in the ditch.

The four people were caught beneath the machine but were able to get out uninjured except for a few bruises and scratches. They returned home in two different automobiles that happened along, and Mr. Waddie returned Thursday to secure his machine.

CARD OF THANKS.

We want to convey to our friends our heartfelt gratitude for their sympathy expressed to us so beautifully through personal expression, and by means of many floral tributes, in our bereavement, the death of our daughter, Hester.

Elizabeth was thrifty. She had her picture taken, and her mother sent her for the proofs. "How much are they, please?" asked Elizabeth, and the photographer announced: "One dollar and a half for the original and 50 cents each for duplicates." Elizabeth pondered a moment, then said: "I think we'll take six duplicates, please."

Fine Opportunity

To get some good lumber and canvas used by the Fall and canvas used by the Fall Festival Committee will be sold to the highest bidder.

Bidders may see the lumber at the Elks barn at 3 o'clock Thursday afternoon and the canvas may be seen at 4 o'clock on the third floor of the Business Men's Club.

Sealed bids for this property will be received until 3 o'clock Saturday afternoon by R. W. Irwin, chairman of Board of Managers of

ALL ARE INVITED.

On account of change of address some of the men of service have failed to receive their invitation to the Greene County Home Coming dinner and celebration in this city on Labor Day. A public invitation is extended to any such, and also to any visiting soldier, sailor or marine who may be in the county on that day.

All service men are requested to register and receive a badge. Boy Scouts will assist in directing to place of registration, which will be in the Court House near the Main street entrance, between the hours of eight and ten o'clock.

NEW FACTORY WILL COME HERE IF XENIA CAN SUPPLY LABOR

A new and progressive factory, that would employ in the beginning in the neighborhood of 200 people, is considering a site for a factory branch in this city, representatives of the concern conferring with business men here Thursday morning.

The factory is well established in a neighboring city and is rated as one of the most responsible concerns in the state, employing in its home city thousands of people. Inability to get labor is behind the movement to locate a branch factory in this city, which is considered favorably for the new location.

Thursday morning the representatives of the new concern visited several factory sites, including the old fuse factory, which site was considered favorably by the representatives.

The fuse factory buildings are in a good state of repair and could easily be adopted to the use of the new concern, the name of which is familiar here and all over the country, but which for the present is not being announced.

The new concern will employ 50 men and 150 girls to start with, all high class labor wanted. The men will be paid according to the rate in city factories, making the salaries attractive, and the girls will receive on average of \$2 per day for the few weeks they are learning their work, after which they will be put on piece work, at which they can make from \$3 to \$5 a day.

DR. FRANK GARLAND.

Campaign Chairman, C. A. Weaver, will open the Community Get-together meeting tonight in the opera house, at 7:30 p.m., when he will tell the citizens of Xenia how the proposed organization of the Chamber of Commerce came about.

He will introduce presiding officer, Judge H. L. Smith.

Dr. D. Frank Garland, head of the department of Community welfare of Dayton, Ohio, and nationally recognized as an authority on civic and community development, will deliver the principal address on "The Chamber of Commerce and What It Can Do for Xenia."

D. E. Weigle, campaign director,

will speak briefly on "The Debt You Owe Xenia." He will explain the details of the movement to organize the intelligent leadership of Xenia.

Dr. Austin Patterson will be the local speaker. Community singing will be led by Dr. Fred Heilman, with Miss Pauline Shoup at the piano.

The committee on arrangements is anxious to have everybody understand that all citizens of Xenia are welcome, and especially the women. A reception committee, consisting of men and women, will be on hand to welcome all who attend. This is the first public function of the campaign, and a big, enjoyable and profitable evening is in store for all who attend.

It is especially emphasized that there will be no membership solicitation or "passing the hat" of any kind at the meeting.

The admission is free and every citizen of Xenia, both men and women, owe it to their city to be present and hear Dr. Garland tell what civic organization has done for Dayton and other cities with which he is acquainted.

The addresses of Dr. Patterson and Mr. Weigle will also be most interesting. The meeting will start at the time announced, so be on time.

This strong signed statement is telling proof of the wonderful work Nerv-Worth is doing for sufferers from nervous ills. It was given the Nerv-Worth druggist at Columbus.

Mykrantz Co.—I was very nervous and run down and in a knocked-out condition. Poor appetite and impaired digestion. Badly constipated. Could not get restful sleep. Was very irritable, moody and cross. In fact my nerves were all unstrung.

I procured one bottle of Nerv-Worth and am glad to say that after taking it all I am a different man. Sleep is good, appetite and digestion good. No longer nervous or irritable and get up of mornings feeling fine and strong. I recommend Nerv-Worth to all in the nervous and rundown condition that I was in. It did its work quick and kept me on my job. I am recommending it to my friends.

NEW VIEW OF THE SHANTUNG MUDDE.

Republican majority in the Foreign Relations Committee, in the proposed "reservations" for the League of Nations, having adopted one which proposed that Shantung should go to Anna instead of Japan, Senator McCumber, Republican, of North Dakota, voted with the Democrats in opposition to the Shantung amendment, on May 1, 1919. He asked the Senate to overrule the Foreign Relations Committee's action. In his speech he gave many reasons, and took such a strong stand that generally adopted, that our friends should have the right to make this particular reservation, he said, "and then propose the usual leisure to lay out further hearings which will be a week or more? The cause is apparent.

It is apparent to the country that our nation is hostile to this treaty. We put Japan in a position where it cannot without an appearance of being coerced to do what she has promised to do. It is to cause trouble between this country and Japan.

Thereupon send the first dagger into the body of this treaty.

"Is it an act of true friendship to defeat the treaty? If its sponsors now fail to come forward and edge if Japan is driven out of her treaty the United States will proceed single handed and alone to force Japan out of China—will renew world war and send our soldiers to the Orient to fight for her, then this act they are betraying China at a false kiss.

They know, and we know, that this entry never will go to war against Japan to prevent Japan from doing what we have permitted every other nation to do in China without a protest.

"With the League of Nations China obtains an assurance which is tantamount to a guarantee by all of the world that not only will Japan return to China what Germany wrested from her in 1898, but henceforth and so long as this league shall last no other nation shall rob China of one inch of her territory or exercise any control over her people inconsistent with the claims of complete independence and sovereignty."

During a general discussion after Senator McCumber's speech, Senator Knute Nelson, Minnesota, Republican, suggested that the United States could not neutralize or destroy the Shantung provision after the other powers had accepted it and that for the Senate to amend the treaty would be "like the pope's bull against the comet."

Senator Irvine L. Lenroot, Wisconsin, Republican, asked if such action by the Senate would not as a matter of fact, be without effect and Senator McCumber replied in the affirmative.

JOY RIDING AND BOOZE SAID TO HAVE CAUSED ACCIDENT

Columbus, O., Aug. 28.—Joy riding and booze are responsible for the ditching of an automobile resulting in the death of Miss Grace Young, 19, of this city and an unidentified man, about 24, and serious injury to Miss Adeline Davis, 22, and Albert Johnson, 22, of Columbus. The accident occurred shortly after midnight about six miles east of Columbus. Whiskey bottles were found in the wrecked machine.

P. W. Ely, of Mt. Vernon, en route home from the state fair, found Miss Davis lying unconscious in the middle of the road. Johnson was lying beside the road. The others were in a nearby cornfield. Johnson said he was driving fast.

HOW TO ADVERTISE A CHURCH.

To say the least, it was an unusual thing for a dozen-and-a-half young girls to conceive the idea of starting a fund to buy a bell for their church but this is just what the girls of Mrs. George Street's Sunday School class have done. And they back their idea by giving a Lawn Fete in the court house yard Thursday evening.

Many interesting articles have been written about church bells of olden times. They hold no small place in the world's history, in literature, poetry and art, but let us forget for a moment, famous bells of the past and consider the church bell of the present.

Why do churches have bells? Is it only because of sentiment or tradition handed down from by-gone centuries? No! Are there good, logical reasons why a bell is an advantage to a church? Yes.

A bell increases church attendance. This is a fact. Its ringing on Sunday morning reminds those who might otherwise neglect or forget to come. Its voice finds an answering note in the conscience of everyone. It brings an invitation to others—to strangers perhaps a message of welcome.

A church bell makes for prompt attendance—insures starting services on time. Its voice is the voice of the church and a wonderful power for good in any community. It answers the question, "How to advertise a church."

SANDRA THE JEALOUS

BY JANE PHELPS.

EVERETT QUESTION SANDRA.

CHAPTER LII.

The next morning at breakfast Everett read his paper in silence. He looked so stern I did not dare interrupt him. Before he left for the office, however, he said:

"I shall be at home early. Try and meet me without red eyes."

"Yes, Everett," was my inane reply.

"And please remain in doors today. Read or practice as you like." Again I answered:

"Yes, Everett." I seemed to have lost all the courage I had the night before, and could only say the most ordinary thing to him—evidently what he expected, however, for he gave me a careless kiss and said:

"That's a good girl."

"A good girl!" I didn't want to be a good girl—I wanted to be like Leola, impulsive, indiscreet, so he would love me as he loved her.

"I won't be good! I'll be just as bad as I know how!" I said violently as I watched him go swinging down the street. "Leola wasn't good, and you cared much more for her than for me. I just will not be good!" I stamped my foot childishly as I turned from the window.

"I wonder did he ever order Leola to stay indoors, and if she obeyed him?" I asked the question aloud. "I'll bet she didn't! I resumed my soliloquy. "And I won't be treated so! I won't!" and again the ready tears flowed.

As I look back, I think that had it not been for the ideas I had formed of Leola, her attitude toward life and toward Everett, I should have been far happier than I was, and probably should have been content to do the things Everett told me to do. But constantly Leola, her terrible indiscretions, of which I knew nothing, and had no means of finding out, were in my mind. But more than that was the jealousy caused because I had been told of Everett's love for her, which I believed was greater than that he gave me.

It was only a little after five when Everett came in. I had spent a miserable day, doing nothing he had advised, but walking aimlessly from one room to another, trying to kill time.

I thought of calling up Barrett Edmonds, but didn't quite dare for fear Everett would object. He did not yet know that Barrett had escorted Rose and me to the theater the night he came back. He would be sure to find it out, and it might make him unpleasant to Barrett—a thing I couldn't endure to consider. I had seen the effect of his actions upon Rose, and I wouldn't let him demean me before anyone else—especially before Barrett.

"What have you been doing all day? What have you read?"

"Nothing—to both questions," was my apathetic answer.

"You mean that you have neither read or practiced?"

"Yes."

"No wonder you are fretful and unhappy. Moping about doing nothing, I shall lay out a course of reading and study for you at once; and shall expect you to adhere strictly to it."

I made no reply.

"Where had you and Miss Grandon been that evening I came back?"

"To the theater."

"By yourselves?"

"No."

"Who was with you?"

"Mr. Edmonds."

"How did he come to ask you?"

"We met him while out in the motor. I introduced him to Rose, and then he asked if he might help entertain her since you were away."

"I forbade you to go out to places of amusement while I was away; to receive calls—yet you deliberately ignore my wishes. I am very glad

NEW ACTORS' UNION, HEADED BY COHAN AND BOASTING FAMOUS STAGE BEAUTIES. OPPOSES STRIKING THESPIANS IN NEW YORK

Left to right, above: David Warfield, George M. Cohan and Fay Bainter. Below: Amelia Bingham, Justine Johnstone and Leonore Ulrich.

George M. Cohan, formerly an actor but more lately a manager, has organized a new union of actors which will fight the Actors' Equity association, now on strike in New York. Cohan's union is opposed to joining the American Federation of Labor. Among the

members of his organization are the old timers David Warfield and Amelia Bingham and such famous

stage beauties of the younger generation as Fay Bainter, Leonore Ulrich and Justine Johnstone.

your friend had sense enough to go home." As he finished it seemed as if something broke in me and I exclaimed:

"I am glad too! you don't suppose I wanted her to stay and see how awfully unhappy you make me, do you?" As I said she will tell everyone at home how I am treated—how you insulted her! I wanted terribly to go home and see Father and Mother and the boys. Now I never want to go home—I'd rather die! There isn't one of the boys or girls in the whole town who won't pity me for being married. They all said I wouldn't be happy if I married you, that you would not let me say my soul was my own. But I didn't believe them. I do now!"

IF YOUR BLOOD
IS YOUR LIFE

HOW NECESSARY IS PURE BLOOD TO YOUR GOOD HEALTH.

Pure blood is as necessary to your good health as the air you breathe, the food you eat and the water you drink.

When the blood becomes clogged with impurities, you suffer from constipation, your nerves are weakened, your head aches and you feel generally run-down and exhausted.

The best and quickest way to cleanse the blood of the impurities which cause the trouble is to take the treatment prescribed by a successful physician for his patients.

This liquid treatment, ready prepared is known as Prescription C-2223. It is taken in small doses because it is concentrated, and being readily absorbed, cleanses the blood of the impurities which cause your ill health. After using Prescription C-2223 for a short time, your skin will have that glow of health, indicating that your body is being nourished by pure red blood.

Prescription C-2223 contains no mercury, opium, morphine, chloral or strichnine. It is for sale by most good drug stores at \$1.50 a bottle, or the C-2223 Laboratory, Memphis, Tenn., will mail to you on receipt of price. Clip and mail this advertisement for literature.

Buttermilk Creates Beauty Overnight

Delightful New Vanishing Cream Containing True Buttermilk Makes You Look Years Younger or Money Back.

The first application of Howard's Buttermilk will astonish you. It creates beauty almost like magic, but the most wonderful thing about it is the fact that whilst it turns the dullest and most lifeless complexion to radiant and glowing health, or brightens snowy white yet there is not the slightest sign of its use after application. It actually vanishes from sight and the most heated Buttermilk will not produce the least shininess or greasiness of the skin.

There is no need about it nor is there any doubt about the result—it's just common ordinary Buttermilk in the form of a wonderful cream gently massaged with the finger tips around the corners of the eyes and mouth.

To prove this to your complete satisfaction, send quantity of Howard's Buttermilk Cream at Sayre and Hemphill's on the money back if dissatisfied plan. The directions are simple and it costs so little that any girl or woman can afford it.

HANG OUT YOUR SERVICE FLAG

Hang out your Service Flag on Labor Day!

It has been suggested that this plan is a bit of local decorating that would be most appealing to the soldier boy guests on that day.

These lads were overseas or in camps when the service flags fluttered around Xenia, and they have never seen these tributed to their sacrifice. Thus it would be well to hang them out on Labor Day as part of the decorative scheme. It would be well also to hang out Liberty Bond service flags won by the county and city.

ST. LOUIS PEOPLE INJURED IN AUTO ACCIDENT NEAR XENIA

Nelson W. Baldwin, salesman for the Mexican-American Hat Company of St. Louis, sustained a fracture of the left leg, and Mrs. Baldwin was severely bruised, when their Ford automobile crashed into a telephone pole and upset on the Columbus pike near the home of Thomas McClelland, Wednesday.

The telephone pole was broken off at the ground by the force of the collision, and partially torn loose from the wires. The automobile did not turn completely over and Mrs. Baldwin was able to escape from the wreckage and succeeding in lifting the machine sufficiently for her husband to crawl out. She also shut off the gasoline, as the engine was running. Mr. Baldwin was carried to the McClelland home where Dr. A. C. Messenger set his fractured leg, and he was later brought to this city and with Mrs. Baldwin, is at the Frances Inn.

The accident occurred when Mr. Baldwin attempted to drive his car around another machine containing some people from Wilberforce, with whom he was said to be racing. The car struck a rut in the road, and bounced, getting so far over the edge of the embankment that the driver was unable to control it. The people in the forward car stopped their machine, and assisted in carrying the injured man to the McClelland home. Mr. Baldwin is well known to local dealers in men's straw hats. He had visited Xenia customers, and was on his way to Cedarville and Washington, C. H. when the accident occurred.

The damage automobile was hauled to the Central Taxi and Garage, on South Detroit street. It will need numerous repairs including a new body, new fender, windshield, steering rod and other parts.

THEATERS

BIJOU. If Douglas Fairbanks ever had a lively role to portray in the pictures, he has one in "The Knickerbocker Buckaroo," in which pleasing Artcraft comedy he appears at the Bijou theater, Friday and Saturday.

From New York to Mexico goes Doug in search of adventure. Did he find it? I'll say so. Chased by the law, thrown into prison and getting himself into hot water generally is his daily diet until he cools off by jumping into the sea of matrimony, which was the biggest adventure yet. He is supported by Marjorie Daw, William Wellman, Frank Chapman, Edythe Chapman, Albert McQuarrie and Ted Reed.

ORPHIUM. A story, old yet new, is presented by the Mammoth Film Company in "The Libertine," which appears at the Orphium theater, Friday, with John Mason and Anna Hanlon in the leading roles.

It is the story of the society protected libertine, who is the man who can afford to play the game. He crosses the path of a pure-hearted girl, who is about to be married to a nice young chap. There is a powerful climax and a surprise finish.

Marie Alexander, Walter Hitchcock, Edward Langford, Jean Stuart and Doris Sawyer also appear in the play, which is a Julius Steger production.

PARTITION SALE OF
REAL ESTATE

Pursuant to an order of the Common Pleas Court of Greene County, Ohio, the undersigned Sheriff of said County will offer at Public Auction at the West Door of the Court House in Xenia, O., on

SATURDAY, AUGUST 30, 1919

Beginning at 10 o'clock a. m., the following Real Estate to-wit:

ONE TRACT OF 98 ACRES

In Spring Valley Township, Greene County, Ohio, located about 1½ miles north of New Burlington, on the west side of Caesar Creek, known as the Lydia Mills farm, and having a house and barn on said premises and running water through the place; 15 to 20 acres of valuable timber. Possession of this farm will be given March 1, 1920. Appraised at \$70 per acre.

Also at said time and said place, will be offered a tract of 251.60 acres, known as the Jesse Compton farm, located about 1½ miles west of New Burlington on the New Burlington and Roxanne pike; This has been divided into three tracts as follows. A tract of 101 acres, which has a large frame house, large barn, corn cribs and other necessary out buildings and about 40 acres of timber, appraised at \$110 per acre. A tract of 77.87 acres, with a dwelling house of 10 rooms, and about 15 acres of timber, appraised at \$100 per acre. A tract of 72.73 acres, having no buildings, about 15 acres of timber, and considerable locust timber suitable for posts. This tract is well watered by a spring, appraised at \$65 per acre. These last three tracts will be offered separately and as a whole, and sold for the best price offered. As a whole they have been appraised at \$100 per acre. Arrangements can be made to give possession of the Jesse Compton farm, some time during the fall; the purchaser to have the right to sow the crop of wheat on the premises. Said premises must bring two-thirds (2/3) of the appraised value.

TERMS OF SALE:—One-third cash, one-third in one year and one-third in two years, deferred payments to be secured by first mortgage on said premises, and bear interest at the rate of six (6) per cent per annum from date of confirmation of sale.

All three tracts of the Jesse Compton farm lie along the public roadway, and any person desiring to examine any of these farms can call either John Hill or John Compton, on the New Burlington Mutual phone.

These premises are sold by order of the Common Pleas Court of Greene County, Ohio, in partition proceedings in Cases Nos. 15011 and 15017.

**SCHLESINGER IS
GIVEN BACKING OF
THE SUPREME COURT**

Columbus, O., Aug. 28.—Through
the decision handed down by the Ohio

Supreme court yesterday the state has
a convenient remedy for dealing with
food hoarding in provisions of the
Smith cold storage act.

The court affirmed the Franklin
County Common Pleas and Appellate
courts in the Columbus Packing Com-
pany case, making possible the plac-
ing on the market of 150,000 pounds
of confiscated pork loins and furnish-
ing the means of action upon millions
of pounds of beef, pork and poultry
found to have been stored longer than
the law allows.

Both by direct statement and by im-
plication the court lays down proposi-
tions of law which are said to be
almost revolutionary in the light
of past decisions.

The first of these is the fact if the
motives in food cases may be judged
by conduct, as they may be judged in
case of other infractions of the law.

Extension of this principle to the
criminal side, as has been advocated
by Prosecuting Attorney of Franklin
County, Hugo N. Schlesinger, the
victor in today's judgment, would give
"real-effect" to anti-trust laws.

Secondary in importance is the pro-
position that the violation of the cold
storage act in itself constitutes a
conspiracy in restraint of trade sternly
condemned by the Valentine anti-
trust act. By this rule is opened to the
General Assembly an avenue of power
to prevent hoarding in articles
other than meats.

While cognizance is taken by the
court of health feature of the cold
storage act, this does not comprehend
all the force of law, it is held, the
court stating plainly that motives other
than health were involved in the
legislative intent.

Immediately after hearing the result
of the decision, Attorney-General John G.
Price ordered 1,000 copies to be
printed. They will be furnished to the
88 Prosecuting Attorneys of the state
and to legal officials of other states
joined in the war upon hoarding, food
conspiracies and extortionate prices.

**NINETY ATTEND THE
CONKLIN REUNION**

About ninety people attended the
fifteenth annual reunion of the Con-
klin family which was held at the Fair
Grounds all day Wednesday.

Many well-filled baskets caused a
surprise to be served that was more
than enough for those present. At
the election of officers, Clyde Con-
klin was elected President, to succeed
his father, H. H. Conklin, and Mrs.
William Bootes was re-elected Secre-
tary and Treasurer.

It is interesting to note that the
ages of nine of the older members of
the family averaged 74 years. The
ages of five brothers, all of whom
were able to pitch horse shoes, was
from 82 to 63 years. The organiza-
tion has been in existence fifteen
years.

**FORESTRY ASSN WARNS
AGAINST "BAD BIG FOUR"**

Washington, Aug. 28.—The forest
world has a "Big Four," too, and they
get in their worst work in the month of
August, says the monthly warning
issued by the American Forestry As-
sociation, which will send any reader
of this paper a free bulletin on tree
planting. The "Big Four" line up this
way: Tussock Moth, White Pine
Weevil, Locust Miner, The Borers.

Trees are appreciated the most in
the hot months of August, and the
American Forestry Association calls
attention to the forest fires that have
been sweeping through several states as
one of the reasons for a national
forest policy, which is so badly needed
at this time.

For leaf-eating insects arsenate of
lead or standard brand is the thing.
Proportions should be about one
pound to two gallons of water. For
plant lice, whale oil soap at one
pound to five gallons of water will
do the trick.

LEGAL NOTICE

In pursuance of an order of the
Probate Court of Greene County, Ohio
I will offer for sale at public auction,

on **27th Day of September, 1919,**
at 10 o'clock at the west door of the
Court House, in the City of Xenia,
Ohio, the following described real es-
tate in the County of Greene,
State of Ohio, and in the township of
Beaver Creek, to-wit:—being part of
Section 36, Township 3, Range 6 be-
ginning at the corner of J. L.
Isenberger and Hebrew H. Dart in
the middle line of said section N.
degrees 11' E. 45.78 poles to a stone in
said line corner to Charles M. Coy
(Lot, No. 12); thence with his line S.
degrees 77' W. 59.04 poles to the
place of beginning, containing 16.9
acres of land. Also the joint use of the
line 29, running leading from the
southeast corner of the above de-
scribed tract to the Shakertown pike,
as shown on the surveyor's plat as re-
corded in Vol. 7, page 188 of the Sur-
veyor's records of Greene County, Ohio.

Said property is located in Beaver-
Creek Township, of which the Shakertown
pike is Appraised at \$150 per acre.
Terms of sale:—One-third cash and
balance in one or two years from date
of sale, deferred payments to be se-
cured by mortgage on premises and
bearing interest; or all cash at the
option of purchaser. A reasonable
sum must be determined by the pur-
chaser until the sale can be confirmed
by the Court. Said property cannot
sell for less than two-thirds of the ap-
praisal.

Sale is held in pursuance of an order
of said Court in the case of David H.

do the business. The pruning of shade
and ornamental trees can be begun
this month, and evergreens can be
transplanted after August 15. Egg
masses of the tussock moth should
be collected and burned, as should
the cocoons of the bog worm and
similar insects.

**HAD FIVE-YEAR SUPPLY
OF CLOTHING—ARRESTED**

Pottsville, Pa., Aug. 29.—Miss
Frances Foulk, a pretty Frackville
girl, is being held under \$200 bail
charged with swindling several Phil-
adelphia business houses.

Ventilator Schoenberg, postal in-
spector of this city, upon investiga-
tion found that the girl, who is only
19 years old, had a five years' supply
of clothing, shoes and feminine
accessories laid away in her home,
which, it is alleged, she secured
by bogus checks to the Philadelphia
houses.

She will be tried at the October
session of the United States District
Court at Philadelphia.

Cherished Fee
By ALVAH JORDAN GARTH

(Copyright, 1919, by the Western News paper Union.)

There was the sound of crowding feet and hushed but excited voices. Young Dr. Allen Reeves, just at the threshold of professional practice, faced a group of half a dozen women and children who bore in their midst the figure of an exceedingly beautiful girl, but limp, lifeless, her face devoid of all color.

"It was at the alley. Doctor Reeves," babbled forth one of the women. "She was passing its end when Murphy's horse ran away. She was brushed against the wall and she went down like a broken flower. She is so still and white. Is it dead she is?"

The poor of the neighborhood knew the young physician well in time of illness and trouble and were friendly and familiar. Doctor Reeves spoke a reassuring word.

"No bones broken, one shoulder bruised quite badly, but there's the shock," he said to Mrs. Hahagan. "Just hold this phial to the nostrils and fan the young lady till I go to the drug store and get some medicine I find I have run out of."

The young doctor moved with celerity. He was not a man given to trivial impulses, yet his whole soul was enlisted in the present case. Never in his life had a lovely face so impressed him as that of this haphazard patient. He wondered who she could be, obtained the remedy he was after and was not gone from his office more than ten minutes. His face clouded as he entered it, for his absence, brief as it was, had been of sufficient duration to mark the return to consciousness of his mysterious patient and her departure:

"I couldn't stay her, doctor dear," explained Mrs. Hannigan. "She was all nervous and troubled. She said she must hurry to a train and that her sister had her railroad ticket. And when I told her of you she looked at your picture on the wall there and said you must be a truly kind-hearted man. Then she said something about having no money and after she'd gone I found this lying on the little stand yonder."

"This" was a small pretty finger ring holding an amethyst surrounded by small pearls. Along its inner rim was the inscription: "Anice from Sister." Doctor Reeves traced an element of pathos in the situation. This Anice, whose fair features were so powerfully impressed upon his mind, had left the ring in lieu of the money for his fee. He made a great many vain inquiries regarding its owner the next day, but it was of no avail.

Pietro Santos, a settlement favorite who made and peddled plaster of paris images, was brought into his office that afternoon with an injured limb, and this distracted his thoughts from this provokingly beautiful and persistently haunting Anice. She was back in his memory and cherished regard, however, within a few hours. Reeves attached a ribbon to the ring and wore it hidden from view.

"Go-a-de country, doctor," announced Pietro a month later, all mended up and staring on one of his usual trips away from the city. "Owe-a for you fix-a Pietro up so fine. Pay-a when I come back."

"Don't you worry about that," said the young physician, waving the grateful itinerant an encouraging adieu.

Two afternoons later at the edge of a little village Pietro came across a gang of roughs who had attacked him, took his hard-earned money, bound him and, setting his pretty wares on fence posts as targets, proceeded to demolish them. An hour later, passing the spot, a man attracted the attention of a fair, gentle-faced girl, Dr. Allen Reeves would have given a good deal to have seen, for she was the patient who had disappeared so disappointingly--Anice Merrill.

Her true sympathetic soul was revealed as she set the victim of brutality and havoc free and heard his pathetic story. She led him to her home, cared for him until the next day and even provided him with the money to pay his fare to his city home.

"You saw-a my courage, my life," he told Anice. "I never forgot. When I come again I bring-a you a great work of art. Ah, you have inspired the poor mock sculptor. He mak-a your beautiful face live!"

It was two months after that when Pietro appeared in the office of Doctor Reeves. He was thin and showed a strain of incessant hard work, but his eyes glowed and his face was irradiated.

"Doctor," he said, placing on the table an object done up in a cloth. "I never pay-a yet, but now I go out with a new image--oh, such beauty! Ah! It sell-a everywhere. Soon I will have for you the glad-a pay. See, you are my good-a friend. Is it not beautiful?"

And removing the drapery Pietro revealed to Doctor Reeves his marvel of handiwork--a statuette in which genius and gratitude had portrayed true to life the dazzling features of Anice Merrill.

After that there were two cherished objects in the household when Doctor Reeves and Anice Merrill were installed in a home of their own: the little amethyst ring and the statuette which had led the ardent Allen straight to the presence of the girl he loved.

The Pivot of the Turkish Situation—A Sketch of This Interesting Old City—The Most Cosmopolitan In the World.

Copyright, 1919, The International Syndicate.

CHICAGO CITY of Constantinople, which has been the mecca of thousands of travelers, stands upon two continents and is made up of three towns which are separated by arms of the sea. In Europe are Galata-Pera and Stamboul divided by an inlet of the Golden Horn and in Asia is Shkuri clinging to the slopes of a mountain. Since the conquest of the Turks Constantinople has been the residence of the Sultan and seat of Government, religious and secular, the home of the Sheikh ul Islam, of the Greek, and Armenian Patriarchs and the Chief Rabbi of the Jews who respectively represent to communities of which they are the spiritual chiefs. Its population seems to be uncertain but it is at least one million, a people who are noted for their sobriety, for it is well known that the Mohammedan does not drink intoxicating liquors.

Interesting Streets.

The streets are always filled with a motley crowd, which before the war included people of every nation, who came to view and study this great city. Among the nations everybody lives in dread of everybody else and often fights occur at night, and for this reason it is not safe for travelers to wander about the city alone after nightfall. Even in the Galata-Pera part of the city, where a delightful hotel for foreigners is located, it is not an uncommon thing for a shoot-

The Famous Column of Constantine, built in 315

ing fray to occur any night in the park near the hotel.

Early History

Constantinople is among the oldest in the world and a favorite stopping place for the archeologist. Although it has passed through many trouble-some periods its ancient relics are in good condition, and much of its early history is preserved. It was founded in the Sixth Century, B. C., by Greek adventurers. Owing to the site its settlement prospered and its possession soon became the aim of many nations. About 330, A. D., Constant-

the Great decided that this city should be his capital in preference to Rome, and gave it the name of Constantinople. It soon became the head of Greek civilization, while Rome remained the great center for the Latin races. From 395 to 1453 it was the capital of Byzantine or the Eastern Empire. The Patriarch of Constantinople gradually rose to be the head of the Christian church in the East. Owing to its position it was besieged in many wars and finally taken by the Turks. Its great walls were ruined although parts of them remain standing. This wall was built by Theodosius the Great, who reigned in Constantinople the latter part of the Fourth Century and stretched for miles. In 1241 the city was captured

and sacked by the Crusaders, who established a Latin Empire, which lasted only until 1261, when the Greeks regained the city. Its capture by the Turks in 1453 marks an epoch in history for ever since that time it has been the storm center of European politics. To the average traveler its bazaars at Stamboul and its bridges across the Golden Horn to the different parts of the city are of the greatest interest. The former is the great market for almost every commodity in the world and is a place in which you know you will be cheated yet you make visit after visit to the place and pay less than half of the merchants price and still find yourself worsted by the bargain. The place is dimly lighted and you are led into shops, the

proprietors of which you know divides with your guide in the profits and yet you cannot resist the fascination of buying. This bazaar, some parts of which are underground, seems to be miles in length.

Bazaars And Bridges

There are many beautiful things from the Orient on sale, such as Chinese silk of the finest kind, Persian knicknacks, Turkish and Persian carpets, large vases with Arabic inscriptions and all sorts of worthless muslins and jewelry, in fact there is everything on sale.

The bridges are intensely interesting for if one will stand at their entrance for an hour it will seem that the entire world passes in review. Costumes of every land, people from the Orient and people from Europe all in one constant procession.

Hundreds of the little Turkish carriages, drays, wagons and cattle of every variety seem to be out on parade yet this endless procession seems to "go on forever."

Mosque Of St. Sophia

Constantinople has more than its share of Byzantine churches, the greater part of which are now

mosques, but the most important is that of St. Sophia, probably founded by Constantine the Great and finished by Constantius. It was dedicated with great pomp in 360. Several times it was burned to the ground, but rebuilt at once. After the taking of Constantinople it became a mosque and is today the largest one in the world. It contains many relics of the days when it was Christian, and a Turkish guide will point these out. Among these relics is the Cradle of Jesus made of red marble and the basin in which He is said to have been washed. Both of these, according to tradition, were brought from Bethlehem. There is also a column which always emits a dampness and by touching it one may obtain a marvelous cure from disease. Of course, this cure can only be made if the sick person contributes to the Moslem cause and this is only one of the many paradoxes of the city.

The mosque itself with its great dome is a beautiful structure. Many of the fine mosaic paintings have been covered with a light plaster, but they can be easily seen through its thin cover. One of the Virgin with her hands lifted in prayer can be plainly seen. The mosque, like all others, is entirely devoid of seats for the Moslems carry mats and bow upon them during the service. Many additions have been built to the church, but these are not nearly so artistic as the original parts. There are any number of other mosques, some even more beautiful but none so large.

In the olden days when the city had no public water supply there were numerous cisterns and the most blood-curdling stories told of them. There are many public fountains for hundreds of houses are not connected with them. Some of these are pretty and are named Sultans who have ruled over them are very large. There seems to be a legend on account of climate caused by the Bosphorus, and its influence on the sea. The travelers who come to see the Dervishes who dance, however, is a part of the city. It seems to be the average an exercise or acrobatics than a religious feature.

Of course, only women are admitted to the American women in but young women clothing and young girls are also interesting.

The monuments in which the column considered the finest in the Empire have added some piece of the Cross was crucified, also. It was surmounted by the Emperor, but short came into possession shattered by lightning the sacred treasures taken away by the many other columns curious old crosses but it would require to describe them.

The suburbs of Bosphorus are unbut it is the street the bazaars which in this fascinating is in doubt at present.

GEORGE W. WHITMER DIES SUDDENLY FOLLOWING AN ATTACK OF PARALYSIS

George W. Whitmer, assistant train master of Cincinnati Division of the Pennsylvania lines, and well-known and prominent Xenia citizen, passed away at his home on South Detroit street at 6:30 o'clock Thursday morning, following an attack of paralysis resulting from a cerebral hemorrhage at six o'clock Wednesday evening.

The sudden death comes as a severe shock to Mr. Whitmer's many friends here and his railroad associates with whom he had been working Wednesday. Mr. Whitmer went to Cincin-

GOITRE

OF 24 YEARS

Removed by External Home Treatment for Dayton, Ohio, Lady.

Mrs. G. A. Harner, 218 Gettysburg Ave., Dayton, Ohio, says in her own home paper, the Dayton News: "I would like to be able to tell every goitre sufferer what Sorbol-Quadruple has done for me. If anyone cares to write to me then my personal experience. My goitre which was on both sides and in the middle, was very hard, large and unsightly. About a year ago I used two bottles, which entirely reduced both sides and the center was made much smaller. Like many people will I neglected to use any more or I would have been completely relieved by this time. A short time ago I began using it again and the little hard lump in front is getting softer, and smaller. My goitre was 24 years standing. I had no ill effects from using Sorbol-Quadruple. Sorbol-Quadruple comes in small bottles, containing enough for most cases. Requires ten minutes daily."

EVERYTHING IS IN READINESS FOR BIG DAY

Welcome, buddy.

The glad hand of welcome will be extended on Monday, Labor Day, by the people of Greene county to every soldier, sailor or marine who went to war from this county, or who happens to be visiting in the county on that day.

Final plans for the big event were made at an enthusiastic meeting of all the Home Coming committees held Wednesday evening. At that time all committees reported that duties assigned them had been performed and that everything is in readiness for the most joyous event in the history of Greene County.

The finance committee, headed by C. A. Weaver, reported that over \$2,000 has been raised in Xenia city alone. Reports from the districts outside of Xenia were not complete, but is confidently expected that the county outside of Xenia will raise an amount equal to Xenia's contribution to this glorious, patriotic celebration.

That there will be a bounteous dinner was indicated by the report of the ladies committee, of which Mrs. C. S. Dean is chairman. This committee has done splendid work and has canvassed the entire county for food. There will be fried chicken by the bushel and all the other things that go with a big picnic dinner. The ladies reported that in the evening they will serve a sort of buffet lunch to soldiers, many of whom will remain over for the evening entertainment.

Judge H. L. Smith, chairman of the speaker's committee, announced that he had secured Col. Charles A. Young to give a short address during the speaking program. The other speakers will be Col. Ralph D. Cole and Major W. P. Edmunds. The address of welcome will be made by Dr. W. R. McChesney and the response will be made by Captain C. L. Darlington. This speaking program will be held in front of the court house directly after the dinner has been served. Following the speaking the Xenia Glee club will give a concert for an hour. Then will come the premier event of the day, the boxing contest. In the evening dances will be given at the rink, the K. of P. hall and the Elk's hall. These dances will be free to soldiers. The dances at the K. of P. hall and the Elk's hall will be in charge of committees from those organizations. The dance at the rink will be in charge of a committee of young colored men.

A big attraction in the evening will be the masked carnival in which everyone is asked to participate. Confetti throwing will not be permitted and neither will fireworks of any kind be permitted used on the day of the celebration.

BELLBROOK WILL HOLD ITS REUNION IN XENIA MONDAY

Bellbrook has the right spirit for a real county celebration.

For fifteen years this town has held a Home Coming on Labor Day every year, but this year is foregoing the pleasure of having its own affair to come to Xenia and join in the all county Home Coming to the soldiers.

The Bellbrooks will meet on a prescribed corner of the Court House square and in the language of Pres. James R. Hale of the Bellbrook Home Coming Association they "are going to take Xenia." The spirit shown by Bellbrook is splendid and shows that the entire county is together in making this Soldiers' affair the success it deserves to be.

Colored Rains.

The rain can and does wash down anything that happens to be in the air at the time, including dust, pollen, small insects, but we have no record of tadpoles being washed down out of the air. The phenomena of colored rains, so-called rains of blood, etc., can be readily explained by the presence of dust in the atmosphere.

MOTORAIDS

Sometimes the motorist will try to lengthen the life of an already worn out shoe by slipping an old over size shoe over it, gaining the advantage of two thicknesses of fabric and rubber. The outer shoe often slips out of place or bulges because of its being too large for the wheel rim. One man I knew cut the clinches off the original shoe, which allowed the outside one to fit snugly against it. Then he clinched them together with a row of copper rivets around both sides. The rivets were put in about six inches apart.

Here is a brass polish that cannot be exceeded. It requires very little effort and will clean and bring to a high luster the most tarnished pieces. Take five ounces of silica, one ounce of whiting and one ounce of fine powdered oxalic acid. Mix thoroughly. Next shave up one ounce or more of laundry soap, add a little water and melt over a fire. Then mix the whole thing together, using water to thin it if necessary.

When sufficiently mixed, pour into a tin cover or other receptacle and allow it to set into a cake. To use a wet cloth and rub it on the cake, then proceed to clear the brass. Then finish off with a clean, dry flannel or a piece of chamois.

SERVICE AT OLD TOWN.

There will be preaching service at Old Town M. E. church on Sunday afternoon Aug. 31. The Sacrament will be administered at the same service. This will be the last service before conference, and we do not know what changes may take place, therefore as your pastor I urge you to be present. Also make sure that your Centenary pledges are paid up to date. And every other financial obligation. Preaching service at 3 o'clock. Come and bring someone with you.—Rev. Matheson.
